he is misunderstood when that name is made public.

Oh, alas! again.

Two weeks ago, in another column we said: "Rep. Eaton, of Plymouth, is all on fire with a desire to make the State's income equal its outgo. He wants less taxes. He is so full of cru-sading energy that I have started calling him 'Dynamite'.

And, Readers of The Eccentric, what do you think Mr. Eaton (who also publishes The Ply-mouth Mail), did? Nothing less than "blow up" in his editorial column last week and in-ferentially accuse us of base intent. In spite of the fact that we used simple words, and some years ago gave him a modern dictionary, plus many educational talks we have given him, he seems unable to understand plain English.

Oh, shucks! and another alas!

Resear

Resignation of Charles S. Kinnison from the presidency of the Birmingham Board of Education is, we feel, a discussion of the Board of Education is, we feel, a discussion is well as the second of community service in Birmingham, and his friends regret that other pressing duties have made it necessary for him to depart from an activity that means so much to Birmingham and adjacent areas.

Since 1935 Mr. Kinnison has been a member of the Board. During the "bard times" of the recent depression he rendered splendid service in the sale of serip, to keep the schools running. Countless other services were his, too. Even though not an official member of the Board, this interest in the public schools will no doubt be sustained as a private citizen, and as the vears roll on he may be trusted to give a good account of his response to the demands of good citizenship.
