## WRESTLERS WIN AS OTHER CRANES LOSE TWO MEETS

Cranbrook winter sports teams suffered their first defeats of the season over the week-end as the hockey team bowed to Walker-ville Collegiate, 2 to 4, at Windsor, and the basketball team lost to the same school, 12-22, at the same grounds. The Crane Wrestlers, however, defeated the Michigan State freshmen at East Lansing, 40 to 12.

Bruce Coultter's pucksters started the first period with two goals by Bob Senior and Dick Wicksland. Rough play in the third period placed all but three Crane men in the penalty box, and the Canadians took advantage of the disparity in numbers.

Captain Bill Mead and Latham Broadwell, with four points each, were high-point men for the losers against a better co-ordinated Windsor five.

Co-captains Bob and Jack Bird, Bob Valpey, and Brad Hamer won all over their collective opponents in the 145, 155, 171, and 165-pound classes respectively. Carl Roden and Fred Erb suffered falls at 185 and 195 pounds, and Bruce Craig, 128-pounder, lost in the sole decision bout of the match.

## CLASS 'SKIP DAY' TOPPED OFF WITH INFORMAL DINNER

The annual Baldwin high school senior skip-day was held last Wednesday. This is a traditional affair which all senior classes engage in before graduation.

Using the morning for a well-deserved rest, the seniors gathered in front of Baldwin high school at 12:30 where buses were waiting to take them to Detroit.

The first stop was Webster Hall where all of those desiring to go swimming were left. The bus continued to the Fox Theater where the remaining students enjoyed the show.

At 4:30 the students returned on the bus to Baldwin high school and chance home. At 6:40 they once again convened at Baldwin and left in various students' cars for Devon Gables. Dinner was served at seven o'clock with chicken pie as the main dish. After dinner various games, cards, etc. were made available for use. A phonograph was set up and many students danced. The party adjourned at 10:30.

Have you ever hunted in the dark to turn on a light? Aside from the lurking ambush of an open cupboard door (a favorite object to bump into in the dark) there are many good reasons for not putting up with this annoyance. One's time can be spent much more pleasantly than in groping for a dangling chain on a light fixture in the center of the room. A light switch on the wall by the door costs very little, and pays for itself many times over in convenience and safety. Telephone any electrical contractor for an estimate on this work.
