Write A Letter!

IT'S ONLY a few steps to the nearest mail box—write a letter! Take a little chunk of your heart and spread it over some paper; it goes, oh, such a long way!

Write a letter to your mother or father, to your sister, brother, sweetheart, loved ones. Are they dear to you? Prove it with a letter! Are they far from you? Bring them near to you with a letter! Write a letter and give them the same thrill you had when you last received that same kind of a letter.

Write a letter to the aged relative who hasn't many days to live, the friend of your father, the friend of your family, the one surviving link between your own present and past. Don't wait for that dear soul to die till you act. Act now with a message of love to cheer those last few days on earth. Sit down and start writing!

Write a letter to the author whose story gave you that delightful half hour last night. Write a letter to the cartoonist who scrolls strip after strip avidly devoured this morning; to the teacher who inspired you twenty years ago; to the doctor who saved your baby's life; to your old employer to whom you know there was something more between you than a pay check. Be a human being—write a letter.

There's a man in public life you admire, believe in, rave about. Write him a letter of praise, of encouragement. To be "with him in spirit" is not enough—show your spirit with a letter. We can't all be pioneers, crusaders, presidents—BUT we can help those brave men stay on the track and push through to a grand and glorious success if all we ever say is "Attaboy!" Write an "Attaboy" letter!

Write a letter and give. Give praise, encouragement, interest, gratitude. You don't HAVE to give these things; but the real letter is THE ONE YOU DON'T HAVE TO WRITE!

The sweetest, gentlest, and most useful of all the arts—letter writing. Great, grand characters like Washington, Franklin, Lincoln, and the greatest men of all nations, have been regular letter writers. Write a letter! Write it with pen, pencil, or typewriter. Use any kind of paper, any kind of spelling or grammar. It doesn't matter how you say it, and it doesn't even matter what you say; its beauty, its gold lies in the pure fact that it's a letter! Each mistake is another hand-clasp; every blot is a tear of joy.

Do you see a job? Do you smell an order? Is your mind on your business? Write a letter. Then write another letter. No business, no individual, built on the "write-what" rule ever failed. Because you simply can't fail, if you write a letter. Try it, you'll like it. Great joy and many surprises are in store for you. You'll get letters back. You'll get help from unexpected sources. All that you give in your letters will be returned to you a thousand-fold. For a letter is a 3-cent investment in bountiful good fortune.

Write a letter! Whether you say "Attaboy!" "Thanks!" "I love you!" or "I'll never forget you!" remember: A LETTER NEEDS NO EXCUSE! (From James Meehan in "You Can Do Anything")
