### Radio Thriller Is Basis Of Interview

Everyone went to see the play; so we'll mention it a few times. Dick Burlingame, just home from school and surprising everyone by being very popular.

### Steps Going Down

"Steps going down" accurately describes your residence electric rate—and liberal use of the thrifty third step is wise economy.

### Consider how much ONE CENT accomplishes

at the low third step in your rate: It will run your electric clock a whole week . . . or beat 120 egg whites, 4 at a time . . . or tune in your favorite radio program for the whole evening . . . or chill your electric refrigerator for more than 10 hours . . . or burn a hall light all night long.

### Labor-saving and time-saving electric appliances

repay many times over the small amount they add to your bill. Prove this to yourself by using all the electricity you need. Electricity is cheap!

WANTED: HORSE DENTIST ST. JOHNS (MFA)—Fred Ottmar decided his 28-year-old horse wouldn't eat because it had poor teeth, so he hired a man twice as sharp then up, paying \$1 for teeth!
