

## Washington Group Completes Plans For Organization

At an organization meeting of the 1940 Washington Group last Monday during activity period, the group elected Ruth Navin as secretary and Miss Ruth Hall and Eugene Hubbard as faculty advisors. Plans for the group were discussed.

Several suggestions for the trip after the group leaves Washington to go down Chesapeake Bay and visit Norfolk, Navy Yard, Baltimore, Annapolis, Richmond, and the historical scenes of Williamsburg and Yorktown. The principal objection to going to New York as the group did this year is that costs would probably be prohibitively high as a result of the New York World's Fair.

## BALDWIN HI-LIGHTS

By Ann Nonimus

Well, kids, you sure turned out in great style for the Basket Ball Saturday night.

It is one night that Annie will never forget. A swashy music by the Students of Swine who improve every time we hear them; lush waltzing by Elena Romany (even though we don't understand Spanish); super decorations, tapers and everything thanks to Bob Myers; a balcony cafe sponsored by the sophomores who are to be congratulated for their ingenious idea.

## Hobby Talks Prove Popular Programs

The much discussed activity period problem has been solved in homeroom 27 of Baldwin high school.

Dorothy Allen, home room adviser.

The students of room 27 have spent much enjoyable and interesting minutes listening to various types of entertainment. Some programs which have been enjoyed are as follows: An action picture by Bill Burke; hobby talks, one on model airplanes by George Watt and Robert Allen, and one on photography, by Bill Vinton, who is an expert in his field of work.
