wood, W. D. Hooper, W. F. Thomas, William Smith, Wilson Wagner, L. J. Bryan, Colin Campbell, Ralph Lynn, Miles Robinson, E. W. Seaborn, John D. Maynard, and Robert B. Lynd. Dr. John K. Ormond, president of the local organization, will preside, and Robert D. Lynd, the secretary, will tell about the proposed program for the year, and introduce the group leaders who are to be guests at the dinner.

NO HUNTING SIGNS may be obtained at The Electric office. (Adv. 27-31)

'Get the Facts First' Egbert Tells Hearing Before Zone Hearing
(Continued from Page One)
Don't make up your mind until you get all the facts! That is the thought behind a notice directed to Vinewood avenue residents, advising them of a preliminary zoning hearing which will be held next Monday evening by the City Commission.

Two persons desire changes in the ordinance: Thad E. Leland who plans an elaborate court-type development on the southwest corner of Woodward and Vinewood and Mrs. Charles E. Kamin, who owns two lots close to the north west corner of Woodward and Vinewood changed from single residence to income bungalow.

City Manager Donald C. Egbert has sent notices to 12 persons in the neighborhood, asking them to attend the meeting and get all the facts before coming to a decision on whether they are for or against the proposed changes. No action will be taken Monday.

CITY PREPARES Falls on Sidewalk, Resident Files Claim With City Fathers
(Continued from Page One)
signs violating the ordinance be removed by March 20, 1940.

On Monday night the City Commission will appear in the Pontiac court and defend the city's case, although the hearing will be the briefest sort. Actual trial is not likely to be held for some weeks, and the ordinance will remain in effect. Court renders its decision, the loser will appeal to the State Supreme Court.

Mayor John E. Martz said today, Attorney Allee told the City Commission last night that he had studied the matter for three weeks and had found it very interesting. He added that it was the consensus of his legal partners that Birmingham's billboard ordinance is constitutional.

40 Are Vulnerable
Seventy-five students chose the Bridge Club for their activity period, proving it to be one of the most popular organizations at Baldwin High School. Miss Elizabeth Haswell, club supervisor, invited the membership to junior and senior and is still at a loss to know who to do with the remaining 40. The members bring their own tables and cards.

W. Maple Sidewalk Will Be Considered
The question of a new sidewalk for the south side of West Maple avenue, between Linden and Chertwell, will be decided by the City Commission next Monday evening. Last spring, the Quartan P. T. A. asked that the sidewalk be built for the convenience of school children, but it was protested by

MONEY CRISIS
(Continued from Page One)
A payment of about \$3 per child is expected on the primary fund account at any time, which will bring into the treasury about \$100,000. In addition Randall was authorized to borrow \$10,000 from the Birmingham National Bank, to be repaid from the local tax collections which will start coming in December.

The payroll for teachers amounts to \$8,200 every two weeks, while the general payroll (executives, clerks and custodians) amounts to \$1,950 twice a month, Randall said. Thus the \$20,000 revenue expected soon in the coffers will not last long. The next teacher payroll is Oct. 20.

"What will you do then?" Randall was asked.

"That's a problem which will have to be solved when the time comes," was his answer. "I certainly hope we don't have to issue any scrip."

Scrip was issued extensively during the worst years of the depression when the financial outlook for the schools was far worse than at the present.

So far this year, the primary payment has been only \$2 a pupil. The total for last year was approximately \$17 per pupil, considerably higher than the preceding year because of receipt of the large tax on the estate of the late James Couzens. This year, the per capita money is expected to be \$12.15 per pupil.

The Birmingham school district is about twice the size of the city proper, yet it includes only a little more than 50,000 persons between the ages of 5 and 20. The primary census is taken all within that age group, regardless of what school they attend or whether they attend any.

Why? But if an infant can't think, why does it yell the moment it sees the kind of world it is in?—Jersey City Journal.

INDIAN
(Continued from Page One)
also reserved to the sole use of the United States.

Article 8: In the same manner, Fort Millinackine and 12 square miles were reserved.

Article 9: "If any Indian or Indian tribe shall commit a robbery or murder of any citizen of the United States the tribe to which such offenders may belong shall be held to be distributed among the nearest post to be punished according to the ordinances of the United States."

Article 10: "The Commissioners of the United States, on purchase of the nation and the views of Congress upon this treaty's being signed will direct goods to be distributed among the different tribes for their use and comfort."

Thirteen chiefs, the three commissioners and 11 witnesses signed the document. But, as is evident, the treaty amounted to little and the Indians were pushed out of their reserve.

Mr. Main also treasures an original land patent, printed on sheepskin, and signed by Benjamin Franklin in 1746, granting 200 acres of land in Westmoreland County, which was also given to him by his father, Franklin was then president of the Supreme Executive Council of the Commonwealth of Pennsylvania, and died four years later.

Car Strippers Flee As Police Speed To Scene of Activity
Timely action by W. J. Orr, 1812 Benaville, halted car strippers early Tuesday morning as they sought to remove parts from a machine stolen from Berkley.

Shortly after midnight, Orr notified police of the activity. Patrolmen S. Strickland, S. Strickland, Robert Dunn sped to the scene but found the thieves gone, probably frightened away by Orr. They found one wheel of the car missing, another loose, an electric clock, a radio, a spotlight almost off.

At 12:29 a. m., Berkley police announced that the car had been stolen from Ada M. Wilson, 2322 Chalfonte, Detroit. It had been parked outside a Berkley beer garden.

Three New Homes Approved For City
Three new homes have been approved for Birmingham by Inspector James B. Baynes. They are as follows:

Charles S. Kinnison, 348 Hawthorne, a brick veneer home at 1478 Northlawn; estimated cost, \$10,000. Permit granted to G. C. Magzoner.

John Bruce, 5047 Dailey, Detroit, at 1337 Holland, a 1½ story brick home; estimated cost, \$5,500.

J. H. Russo, 644 Pierce, a two-family frame and brick home at 920-922 Henrietta; estimated cost, \$5,500.

Earl Gaskill, 887 Stanley, new garage; estimated cost, \$150.

We Heard It Said By:
Louis M. Randall, public school business manager: "The cost of educating each student in the Birmingham schools averages \$90 a year. When you figure in the money spent on the school debt, the total is about \$142 per pupil. The school debt was incurred mostly in erecting new buildings, so that cost is just as significant as operating expenses."

BITS OF B'HAM
Operation of the Oakland underpass at Hunter boulevard is very unsatisfactory. Supt. Howard D. Crull told the Board of Education Tuesday. He said that City Manager Egbert and state highway officials are studying the problem. The walls of the subway have been inserted with oblique writing, and the place should be closed with gates at night, Crull said.

Flash! New record set! Brookwood Folly, age 9, who makes her home just now at the John Endicott farm, in Bloomfield Hills, has exceeded the average for her class, and has delivered 11,128 pounds of milk during 365 days of lactation for a year, according to the American Guernsey Cattle Club.

Mrs. John H. Gordon, of Baldwin avenue, and Mrs. Charles F. Fry, of Lake Park drive, are going to Osceola for the week end. The following week end, Dr. and Mrs. Gordon and their sons plan to spend also at Osceola, where they are building a summer home.

A Proclamation
Mindful of the urgency of the great public need, the period of Oct. 8-14 has been set aside as National and State Fire Prevention Week, and I also proclaim the same dates as local Fire Prevention Week.

This is for the purpose of calling to the attention of all the citizens of Birmingham, a full realization of their duty to prevent fire. It is the solemn duty of every home owner to safeguard that home against fire and each store keeper to keep his business place safe for the public.

Let us all join with the Fire Department for

FIRE PREVENTION WEEK—OCT. 8 to 14 INCLUSIVE and through united effort make Birmingham a safer and better place in which to live.

JOHN E. MARTZ, Mayor
Oct. 2, 1939

Pierce Kindergarten Will Be Divided
Hiring of a half-time supply teacher to relieve an overcrowded condition in the Pierce school kindergarten was authorized by the Board of Education Tuesday night. Supt. Howard D. Crull reported that there are 35 in the class, some more advanced than others, and he said it is difficult to give instruction properly to so large a mixed group. The teacher, Mrs. Edythe Crandal, has been teaching the sixth grade afternoons. Starting Monday, the kindergarten will be divided into morning and afternoon groups, and a supply teacher will teach the sixth grade afternoon class.

We Heard It Said By:
E. W. Seaborn, member Board of Education: "I think ninth graders are too young to be permitted to use the more dangerous wood working machines in the schools. I remember that when I attended school, a good many years ago, we were told to 'keep away from the buzz saw.' A hand saw or jig saw is not so dangerous in my opinion."

THE DETROIT EDISON COMPANY

Announcing THE NEW FORD CARS FOR 1940

22 important improvements, added to fundamental Ford features, represent the most advanced engineering in the low-price field

WHAT do the Ford cars for 1940 offer to match their brilliant new beauty? New comfort, convenience, quiet, safety—and the roomiest, richest interiors ever designed for a Ford car.

They have a host of interesting new features. Finger-Tip Gearshift on the steering post. An improved transmission, unusually easy to shift. New Controlled Ventilation. Improved shock absorbers. Softer springs, improved spring suspension and a new ride-stabilizer.*

A combination of new features makes the new cars quieter in operation. They have big, powerful hydraulic brakes. They have new Sealed-Beam Headlamps that are safer, stronger and stay brighter longer. They have the famous Ford V-8 engine (85 hp in the De Luxe Ford. Choice of 55 or 60 hp in the Ford)—which blends 8-cylinder smoothness with economy.

You've never seen cars with so much performance, style and comfort at such a low price. Get acquainted. You'll enjoy the experience!

22 IMPORTANT FORD FEATURES

FOR COMFORT—More room inside. New Controlled Ventilation. New torsion bar ride-stabilizer.* Improved spring suspension.* Self-sealing shock absorbers. Two-way adjustable driver's seat. New-type resilient front seat backs. New "Floating-Edge" Seat Cushions.

FOR CONVENIENCE—New Finger-Tip Gearshift. Engine more accessible. Two-spoke steering wheel.

FOR SAFETY—Sealed-Beam Headlamps. Dual windshield wipers at base of windshield. Larger battery. Battery Condition Indicator on all models.

FOR SILENCE—Improved soundproofing. "Easy-shift" transmission. Curved disc wheels. Improved drums for big Ford hydraulic brakes.

FOR STYLE—New exterior beauty. New interior luxury. New instrument panel. *85-hp models only
