Grid Squad Works Hard
For First Game Sept. 22

By Lionel Macdonald

Conditions for positions in the 1928 Birmingham High School football team have been set for the opening games with Detroit High on Friday, Sept. 22, at Detroit.

The team appears to be much stronger than last year. Lack of size will have to be made up by a greater amount of speed. This is the opinion of the head of the grid squad, Coach George Watkins.

According to Coach Watkins, the team will be divided into three sections: forwards, backs, and ends. The forwards will be divided into left and right guards, and left and right tackles. The backs will be divided into halfbacks and fullbacks. The ends will be divided into left and right.

White Rochford, the captain of the team, is the only member of last year's squad who will be retained.

B'ham Has Had 29 Presidents, Mayors

Beginning in 1873, we find that B. E. Dunlop was the first president, and the last president was E. B. Mitchell. He followed him as president of the city for ten years, the last five of which he served as mayor. The city has had 29 presidents in all, but the last, Richard L. White, was appointed by the council.
