SUPPLYING GOOD GAS SERVICE

--- AND KEEPING THE SERVICE GOOD

CONSTRUCTIVE CIVIC LOYALTY

This company is responsible to the people and community of Birmingham for the character and quality of gas service supplied your homes and shops.

Since 1913—26 years ago—when gas was first brought here during the village days of this up-and-coming city, the Company's resources and the spirit of the men and women, who are the company, have been devoted to making this policy a public benefit. Large investments must be continually made in facilities to make and distribute gas, and to maintain Consumers' high standards of service.

So your Gas Service goes on about its everyday duty of helping life better with:

**GAS COOKING**

**GAS WATER HEATING**

**GAS REFRIGERATION**

A service that is clean, convenient and economical.
