

Domestic Workers To Rally Sept. 28

The Domestic Employees' association will hold its first fall meeting of the year at the Hotel Tuller, Detroit, on Thursday, Sept. 28, at 7 p. m. It was announced today that all members and all domestic employees have been invited to attend, according to John Daniels, secretary. The meeting will be given over to affairs of the association and to entertainment.

ELECTION NOTICE

To the Electors of the City of Bloomfield Hills, Oakland County, Michigan

NOTICE IS HEREBY GIVEN, that at a special election to be held at the City Office Building, in said City of Bloomfield Hills, on Monday the 23rd day of October, 1939, the following question will be submitted to you:

Do you favor the confirming of an ordinance and franchise to THE DETROIT EDISON COMPANY, granting permission to erect, construct, lay, operate and maintain, within the CITY OF BLOOMFIELD HILLS, all needed and proper poles, towers, mains, wires, pipes, conduits and other apparatus requisite for the transmission and distribution of electricity for public and private use, subject however, to all conditions and restrictions of said ordinance and franchise, as passed at a session of the City Commission of said City, held on Tuesday the 12th day of September, 1939.

A copy of said ordinance and franchise is on file with the City Clerk, and it is open to the inspection of the electors of said City.

At said election the form of ballot will be as follows: Conferring grant of ordinance and franchise to THE DETROIT EDISON COMPANY, for the purpose of the erection, construction and maintenance of towers, poles, mains, wires, pipes, conduits, apparatus, etc., requisite for the transmission and distribution of electricity for public and private use.

YES () No ()

The polls of said special election will be opened at 7 o'clock A. M. and will remain open until 8 o'clock P. M. of said day of election.

Notice is hereby given that any person wishing to vote at this election must be registered on or before Saturday the 14th day of October, 1939, at 5:00 P. M.

Any person who is a citizen of the United States, 21 years of age, will have resided in the City of Bloomfield Hills twenty days and in the State of Michigan six months prior to the date of election, may register by calling at the City Clerk's office in the Municipal Building on or before Saturday, October 14th, 1939, between the hours of 8 o'clock A. M. and 5 o'clock P. M. The City Clerk's office will be open to receive registrations on Tuesday, October 3rd, 1939, between the hours of 8 o'clock A. M. and 8 o'clock P. M.

Those persons who have already registered under the permanent registration system do not have to re-register. Dated this 12th day of September, 1939.

GEORGE C. BOOTH, City Clerk

I hereby certify that the foregoing is a true copy of resolutions adopted by the City Commission of the City of Bloomfield Hills, Oakland County, Michigan, at a regular meeting held on Tuesday, the 12th day of September, 1939.

GEORGE C. BOOTH, City Clerk

Buy one of these teakettles and you'll WISH YOU HAD TWO!

This clever new teakettle is a real time-saver: It will prove such a help around the house that you'll wish you had two of them—one for the laundry, one for the kitchen. A dozen times a day you'll appreciate this quick, easy source of hot water—for washing dishes, for shaving, bathing, shampooing, for sterilizing bottles, for cooking, making tea and coffee, and countless other tasks. Made of highly polished aluminum, spotlessly clean, the kettle can be used anywhere in the house. Simply connect to the nearest electric outlet. A pop-out plug guards against damaging the element if negligence allows the kettle to boil dry. The connection plug pops out automatically and shuts off the electricity.

Fire Prevention Week Oct. 8-14

National Fire Prevention Week for 1939 has been established for the week of Oct. 8 to 14 inclusive which commemorates the great Chicago fire in 1871. The local fire prevention bureau will observe it as it has in the past and will place before the public as much literature and facts pertaining to fire losses and fire prevention as possible. Chief Vernon W. Griffith announced.

The Oakland County Firemen's Association, a recently-organized group of smaller cities and villages of the county of which Birmingham is a member, is attempting this year to outline a uniform fire prevention program for all of its members, especially in villages or towns where little or no fire prevention work has been done before. The fire prevention bureau of the City of Birmingham will use as much of this program as possible without duplicating or having it conflict with the local program.

The action of the Oakland County Firemen's Association is not an unlimited closed car class record and is faster than any stock closed car, regardless of size or price, has ever traveled this distance under official observation." C. E. Mosher declared.

1940 Hudson Cars Being Shown At Birmingham Motors

Three new lines of 1940 Hudson cars, crowned with 84 new American Automobile Association records for performance and endurance, are now on display here by Birmingham Motor Sales.

Hudson's new entry in the lowest price field, the 1940 Hudson Six is the new American Automobile Association record-holder for stock closed cars with an average of 70.58 miles per hour for 20,000 miles on the famous Bonnevillie Flats course. This new endurance mark not only breaks all Class D records but is also an unlimited closed car class record and is faster than any stock closed car, regardless of size or price, has ever traveled this distance under official observation." C. E. Mosher declared.

"Substantially higher horsepower with improved economy is offered in all new 1940 Hudsons, which all bear the Hudson name. The Hudson Six on 113-inch wheelbase develops 92 horsepower. The 118-inch wheelbase Hudson Super-Six and the 125-inch wheelbase Hudson Country Club Six produce 102 horsepower, and the 118-inch wheelbase Hudson Eight and 125-inch wheelbase Country Club Eight develop 128 horsepower.

"All the new Hudsons have been strikingly re-styled and the new characteristic front-end design has been maintained throughout the entire line. Longer, lower lines characterize all models and running boards are optional as the buyer prefers, even in the lowest priced models."

The Finish Of a War Scare

Good news! Steel-helmeted policeman pedals through London streets, advising people that air danger is passed. Since start of war, several alarms have sent citizens of British capital scurrying for shelter.

BALDWIN HI-LIGHTS

By Ann Nonimus As Confucius would say, "He who writes about others gets most sublime ears burnt at the great lobes."

Never the less, us'n would wish that all dances could be quite as superb as the Coronation Ball. In season with the season with the hay fever, town boys sneezed through last Saturday night by throwing a hay fever incidentally, all the party gets of the wagon.

Katie Haefner and Bill Spinning were found snuggling over which was right or wrong—that is which was the right station to do the entertaining on the portable radio. However, it all went for naught because Shirley Busby (poop) had pulled up on the radio and Art Miller, (yes, she had a date) had the same thing in mind and dined their own station an evergreen managed to get into the swing of things.

In fact, Herb Poppletton, Ginny Stanley, Don Wise, Joyce Webster, Dave Nethercott, Nick Martin, Clover Babcock, Bill Brown, Boppy Anderson, Sally Grung, Don Matthews, Madsey Peat, Maynard Zimmerman and Pat Burke were making so much noise, the radio was an insignificant racket.

Bill Brown and Boonie led the singing with Winnie "The Perfect Model" Watkins and Bob Beers added bass tasteful vocal support along with Tommy Allen, Nancy McCarty, Al Jones and Babs Welch. Being that college is calling, Annie must go; but first, all you guys and gals stop in the Comm. House on the thirtieth and hear Backstage Bob Kendall and his Sultans of Swing give forth at the first Saturday night dance session. Fromis: I'll be with you soon. Bye now.

Talk on Sculpture Planned By Institute

"What to Look for in a Sculpture," the second in a series of free illustrated lectures for new museum visitors, will be presented at 8:30 p. m. Tuesday at the Detroit Institute of Arts by John D. Morse, Museum instructor. Called "An Approach to Art," the series of talks is designed not only for new museum visitors as an introduction to the collections of the Institute but for every one who has a minimum of knowledge and enjoyment of art. In answering the question "What to Look for in a Sculpture," Mr. Morse will discuss not only the important figures in the Institute's collection, but also such famous sculptures as The Discus Thrower, attempting to show in non-technical language exactly why this famous figure of a Greek athlete has always been regarded as a masterpiece, and why copies of it have excited the admiration of people for centuries. On the following Tuesday, Mr. Morse will speak on "The Challenge of Modern Art" at 8:30 p. m.

NO NEW RESTRICTIONS

No new restrictions of any kind have been imposed, or are likely to be imposed, on tourists from the United States into Canada. This information came to the Canadian Travel Bureau over the weekend from the offices of the Immigration Branch of the Department of Mines and Resources. In other words, tourist traffic may flow freely across the border between the United States and Canada despite the conditions which have been brought about as a result of war in Europe.

Kryl Symphony To Play in City Oct. 4 At School

The Bohemian Kryl Symphony Orchestra is scheduled to make an appearance in Birmingham on the morning of Oct. 4 in a concert to be played from 10:30 to 12 noon in the auditorium of the Baldwin High School. This concert is under the sponsorship of the Board of Education and adults and children alike are expected to make up the audience.

The career of this conductor reads like a chapter from fiction. Born in Prague the son of a sculptor, Kryl ran away from home when he was 11 years old and joined a circus then traveling in Europe, acting as an acrobat during the shows and playing his cornet in the parade.

Less than 7 months after leaving the circus, Kryl was on his way to America trying for his passage by playing the violin in the orchestra of the ship. Some ten years later Sousa heard of a young cornetist who was working as a sculptor at Crawfordsville, Ind., engaged in doing a likeness of Gen. Lew Wallace and hearing him play, Sousa persuaded him to lay down the chisel and become cornet soloist with his band.

A few years under Sousa and other noted bandmasters and young Kryl was ready to take his place with his own symphonic band in the music halls throughout America.

Irene Walther, soprano, Richard Kloko, tenor, Dorothy LeBrun, harpist and Florian Babach, concertmaster of the orchestra will appear in solo number 8, in the concert to be given here.

GASOLINE TRUCK CAUSES FIRE

Pittsburgh, Pa.—The explosion of a gasoline truck carrying 3,000 gallons, which had stopped at a traffic light and burst into flames, set fire to a business block and destroyed two homes, causing damage estimated at more than \$120,000.

Wayne U. Classes Now in Session

Day and evening classes at Wayne University opened Monday, Sept. 18, following the close of the formal registration period Saturday noon, Sept. 16.

In addition to the daytime curriculums in Wayne's five colleges and four schools, evening and Saturday-morning courses will be available in Detroit, Dearborn, Pontiac, and Port Huron, as follows: 361 classes in various liberal arts fields, 158 in professional education, and 70 in engineering. Work in the degree-granting colleges and schools will be supplemented by certain courses for adults, available without formal credit in co-operation with the State Board of Control for Vocational Education.

'Heralds of Destiny' Program to Resume Over Station WEXL

"Heralds of Destiny," adventure stories of civilization building and humanitarianism taken from the annals, past and present, of the Baptist and Methodist churches, will be presented weekly over Radio Station WEXL in Royal Oak. The programs will be heard at 3:30 o'clock on Monday afternoons, beginning Sept. 25.

An eyewitness account of the recent bombing of Chungking, the sacrifice an old slave made in order to teach his people, the heroic courage of America's first foreign missionary, and the inspired determination that carried a Revolutionary era preacher on a quarter of a million mile journey on horse-back provide the material for a few of the stories. They are all true stories. Some of them happened almost two centuries ago. Others are still unfinished today. Jointly presented by the Methodist Million Unit Fellowship Movement and the Northern Baptist Convention, the "Heralds of Destiny" series is a dramatization of the most stirring episodes from the history of both churches.

"Nerve and vision are needed to play the market," according to an expert. How about a little money, too?—The Norfolk Leader-Dispatch.

Cambridge Avenue Hearing Postponed Until October 2

Hearing on a proposed improvement of Cambridge avenue in the "Birmingham Estates" addition to the city, on the east, was postponed to Oct. 2 when it appeared at the City Commission meeting Monday night that notices of hearing had been delayed.

Only four persons interested in the project appeared at the meeting Monday night, three of them opposed to the project, and only one, Everett E. Roll, favorable to it.

In bad weather, Cambridge is impassable. City Manager Donald C. Egbert declared, and the city is interested in improving Cam-

bridge providing the property owners nearby will pay the cost, estimated at \$675. He said it was contrary to city policy for the city-at-large to improve streets on additions. The subdividers having done this work in the past. Once the street is improved, the city will maintain it, Egbert said.

CHAGRINED OFFICER Ripley, Tenn.—After recovering a stolen automobile, Deputy O. H. Trooper proceeded to give the owner a dissertation on how to protect his car from theft. He imagined the officer's chagrin, then when he returned to his office on Friday to find that his own car had been stolen.

I PEK THROUGH THE VEHICLE AT NEXT YEAR

"It appears Buick is going to be the spark plug of the 1940 General Motors lines"

WE think the statement quoted above takes in altogether too much territory.

Everyone knows all General Motors cars are good cars and good values—no one division needs to "spark plug" that great line.

Just the same, it's true that here at Buick we're straining our suspenders to produce something special for 1940.

We've spent, for example, eight millions more for tools, dies and new plant equipment to make sure of that.

We plan to offer you for next year not only our accustomed four Series of cars, but two completely new numbers also.

There'll be something pretty important for

you to learn about in connection with making our famed Dynaflex engines even more to be desired.

In every Buick there'll be more swell features of ride and stride than you've got time to count.

So, whether we're "spark plug" or not next year—who cares?

The main thing is, we'll be "in there pitching" with the grandest automobiles you ever saw!
