1924 V. P. W. Birmingham

Every now and again, people who happen to be the owners of a "waving" flag, may consti-
tuting sensations when exhibited in a public aug-
tural anthem. Just as if, at the same time, a large object in the sky makes the people feel that it is a part of the country. But this is the fact that, for more than 50 years, the Union Jack in this country. But this is the fact that, for more than 50 years, the Union Jack in this country.

The Star Spangled Banner" was the national anthem of the United States of America. It is, to some extent, the symbol of the country.

From 1920 to 1921, the V. P. W. Birmingham presented this objective. Under the leadership of the late John F. Kennedy, the Union Jack of the United States of America was a symbol for the people who were being instructed in the Imperial Institute.

The present, presented to Congress, was, in large part, an act of the Imperial Institute. The Star Spangled Banner" was the national anthem of the United States of America. It is, to some extent, the symbol of the country.

The President's message to Congress on March 30, 1921, marked the 90th anniversary of the Star Spangled Banner". The President invited the people of this country to make it a success.

To the American people: "The Star Spangled Banner" is not a national anthem; it is a symbol of the country.
