## City to Purchase Quarton Lake Lot

When the area between Lakeside and Woodward avenue is subdivided at some future date, Manager Egbert said, the city can arrange to continue Baymale road as an east and west thoroughfare north of Oak street, which will relieve greatly the latter street, now necessarily narrow because of large old trees and the graves on the south side of Greenwood Cemetery.

City Manager Donald C. Egbert Monday night authorized by the Commission to contact the Grand Trunk Railroad and advise them to complete their contract of aid in paying for the cost of a small paving project on the west side of Eaton road, where the drive from East Maple avenue turns into the station.

This portion of the road was left unpaved because of a sewer installation project that had to be completed after the original paving was laid some years ago.
