## Will Spend \$23,000 White Committee On Water System

Expenditures for improvement of the Birmingham water system will approach \$23,000 in the new well and arterial main project, the City Commission learned Monday night.

This week, the Commission Kd purchase of four carloads of Jeinch Iron pipe at \$2.01 a foot, digned to be an excellent price in a foot of the control of the

supporting.

The present water pipe system is inadequate to transport water as fast as it is pumped, City Manager Egbert said. As a result, the frietion in the pipes causes higher pumping costs.

It is planned to lay most of the new pipe along Lincoln avenue and 14-Mile road.

14-Mile road."

The new Southfield well is down 199 feet, with only about 14 more leet to go. A test should be forthcoming in January.
