absence.

There is no greeting like that of your own child yet in the welcome of the family dog is a shadow of the same (celling. It arouses a genuine

sentiment in us.

we know that this wriggling dumb brute is a true friend. No doubt we are flattered by his true friend. No doubt we' are flattered by his dependence on us. At the same time there is something good that is aroused by his devotion. No elaborate theories, no long argament has developed this. You are just his family. He knows it and nothing can drive it from his constituence.

onsness.

Brownie was the kind of a dog I like best.

is family tree was lost in the mists of uncerinty. All we knew was that we got him. and

bliked him. Our busy growing family was no
ace for a sissy dog with a prima donna temrament. He had to be able to give and to take,

if he did.

and he did.

Dogs are supposed to have a good influence on children. Their presence teaches the younger ones to develop consideration for others and helps them to take on some of the responsibility of family duties. Ours worked out that way, but he also had an influence on the rest of us.

The Birmingham Eccentric "Ignorance of the law excuses no one" is an old and tried axiom, and applies more to adults

"We shall be victorious in this fight against the enemies who forced war upon us... it was an anounced just recently that their war goal was of our could be succeeded by their war goal was of our culture ... there is only one thing far all uf of use use of u

Lows or carriers is coming from Washington about the methods of the National Labor Relations Board and its bias toward employers. It may goes to prove that a democracy can generate the contract of the problems if given times the other problems of the problems of given times the other problems of the problems of the contract of the problems of the p
