Register of Deeds Busiest on Record; Expenses Lower

The Register of Deeds Office has just passed the busiest six months in its history. This has been caused partly by the Land Board Sale conducted by the State, according to Orren McQuaid, Register. Hundreds of people have visited the office weekly to seek information on ownership of land which is listed in the sale.

In spite of the increase in business, McQuaid has been able to reduce the cost of operation. During 1940, he is operating within a monthly budget of \$17,700.11, as compared to a budget of \$17,700.08 last year, and \$18,822.08 in 1938.

WHICH IS YOUR RELIGION?

Is your religion one that exists only because of what it can do for you... your comfort, your place in the community, your pride? If so, then it's not a Christian religion. It's a self-seeking philosophy in the guise of religion. The Christian religion is a force, a way of life whereby we may do more for others. And its passion and possession has always been primarily identified for those terms.

Hearing Aug. 5 On Request To Alter Chesterfield Plat

Hearing has been set for Aug. 5 on the petition of Otto G. Breitfeld to alter the plat of Breitfeld's subdivision at Chesterfield, south of West Maple avenue.

Breitfeld plans to change 10 business-front lots facing Chesterfield. To do this, he has asked permission to close an alley back of the business lots, and to close away with a small park which runs to the end of Chesterfield at the intersection. He will also donate a strip of land to permit widening of Maple where it is now but 32 feet wide.

We Heard It Said By:

"MRS. CHARLES J. SHAIN, of Pierce street: 'I believe that our local school teachers should receive more salary. I cannot understand why, for instance, our local policemen get \$200 per month, and yet teachers who spend years to prepare themselves for public service get less.'

"The Bright Side: 'Well, there's one nice thing about my wife,' in the cross-roads store announced Gen. Johnson of Rumpus Ridge. 'Spring it!' said the proprietor of the emporium. 'What's the answer?' 'She's so long and thin that if she fell into the well, I don't reckon it would take more'n about three of the kids to pull her out with me bossing the job.'
