

Elton Eaton Starts His Campaign for Lieut. Governor

Following announcement of his candidacy for the Republican nomination for lieutenant governor, Elton Eaton, of Plymouth, has lost no time in starting his campaign through the city of Birmingham. Through the cooperation of a group of young Republicans his activities have already been featured in this column.

His entrance into this contest was the result of the decision of Senator Arthur Vandenberg to run again for the Republican nomination for United States senator. The foreign situation has become so grave, says Eaton, that nothing should take place to distract the situation in Washington at this time. It would be unwise indeed to compel Senator Vandenberg to leave his senate work and devote his time to a primary contest while his country faces one of its most serious problems since the beginning of our national existence and while the people are demanding that congress remain in session.

The Plymouth representative has an outstanding record in Lansing, where he possesses a thorough knowledge of legislative procedure and knows about state problems. He is one of the hardest workers to ever serve in the legislature, he is said.

It is his plan, if nominated and elected lieutenant governor, to give his full time to the duties of his office, something that has never been done by any person holding that position.

Senator Vandenberg sent the following telegram to Editor Elton a few days ago:

"Washington, D. C.
Hon. Elton R. Eaton:
"I am deeply grateful for your generous message and for your helpful and unselfish attitude toward the Republican Senatorial primary. I only hope that I may continue to merit your confidence and approval and that I may justify the Michigan people which you are good enough to express. Your message is typical not only of your friends but of your attitude toward your own public responsibilities. I wish you many more years of effective activity in the public sphere, whatever position you may occupy. Please accept my warmest personal greetings."

Bits of Birmingham

This city was never more attractive than it is this year, with every lawn green from the copious rains.

Judge H. Russel Holland thinks so too. In his current decision on the billboard ordinance, as reported on P. 1, the court says: "The defendant city is an unusually beautiful residential community of a type and character superior in beauty and utility for residential purposes to any community of like population or size in this area."

It won't be surprising if this official opinion of the Circuit Court finds its way into real estate promotion.

This wanderer doesn't believe in real estate speculation, but he does believe that on the superabundance of vacant lots we now have, many homes are being built to the good of all the city. More people, more homes mean a greater sharing of the cost of maintaining the city, and there will be an investment in schools and city facilities large enough to accommodate several thousand more people.

Eight weeks of activity and recreation in the city of Birmingham Schools lie ahead for Ernest F. Jr. and John E. Critton, 388 Langens road; James H. Martin, Jr., 512 Linden road; David L. and Robert O. Shannon, 451 Lake Park way; Lester W. Hamer, 555 Bryn Mawr; and George A. Austin, 915 Westwood drive, all of Birmingham.

Col. Robert Stanton, who was sickly in his youth's station, is a broken window was found in the rear of the city of Birmingham, Woodward avenue and Oak Sunday night. Police believe some one had tried to break in.

John Schick, of 6409 Seneca, Detroit, suffered one of his rolls, valued at \$3.50, and a pair of golf shoes worth \$5, Saturday night when his car was parked near the Pure Food restaurant, Woodward avenue.

Mrs. K. A. Burnside, 608 Lakeview, did not see her parked car from July 4 to the 14th, when she did look at it, she found the car had been damaged, the top bent, the hood dented and the fenders scratched.

What Your City Commission is Doing

July 15, 1940—
Bills were approved in an amount of \$10,043.64.

Hearing was held to consider the creation of a special assessment district to defray cost of grading and graveling parts of Villa, Yankee and Columbia streets.

Request to close alley between Lincoln and Wallace referred to manager.

Hearing to be held July 22 to consider removal of tree at 635 Oak street, and two trees at the corner of Southfield and Brown streets.

Petition for construction of sewer on Northlawn Drive referred to city manager.

IRENE E. HANLEY, City Clerk.

Great Lakes Fishing May Be Controlled

American-Canadian cooperation in Great Lakes fisheries regulation moves a step nearer with approval by the House appropriations committee at Washington of a \$7,500 item for an international board of inquiry. More than 20 years of conferences among the eight lake states and the province of Ontario have left the fisheries without uniform regulation, while such problems as overfishing and lack of protection in spawning seasons still threaten the Great Lakes commercial fish supply.

Navy Offers Cruise To 5,000 Youths

Five thousand unmarried young men between 19 and 20 years with two years of college will have a chance this summer to cruise 30 days on a Navy warship, expense free, and to qualify for commissions as reserve engineers.

Applications are being taken at Naval District and Naval Reserve Headquarters in Detroit. As part of the Government will pay travel expenses and stand the cost of food, lodging, uniforms and other equipment.

Candidates who successfully complete the 30-day cruise are eligible for appointment as Naval Reserve Midshipmen and enrollment in a 90-day course on shore to qualify them for appointment as ensigns in the Volunteer Reserve.

The first cruise began July 16 on the USS Wyoming and additional cruises will begin periodically until Jan. 15, 1941. Gunnery, navigation, engineering, communications, and other technical skills will be taught.

During the three-months shore course, candidates will receive the same pay and allowances as other shipmen of the regular Navy. This course, however, may be postponed in order not to interfere with college courses or other civilian activities.

Wendell L. Wilkie, Republican presidential nominee, "I consider anti-Semitism in America as a possible criminal movement and every movement as a possible traitor to America."
