

Christian Science Mother Church's Report Presented

BOSTON, Mass.—An appeal for God and more faith in the omnipotence of God in the face of present world turmoil, featured the gathering here today of thousands of Christian Scientists from all over the world for the annual meeting of the First Church of Christ, Scientist, in Boston, Mass.

Elected President

Trustee in the omnipotence of God, said Harry C. Brooker, First Reader of The Mother Church in reading a message from The Christian Science Board of Directors, "enables one, through demonstration, to enjoy the freedom of thought resulting from the unfolding of the characteristics of divine Mind as expressed by Christ Jesus."

"Becoming cognizant of the true idea about anything, exposes its suppositional aspects," he said. Therefore, where the true idea of man's relationship to God is understood, the emotional differences between men and nations will vanish.

The divine Mind is in reality the only power, there is nothing that can resist the manifestation of righteousness. With due regard for the necessary laws of the universe, which our leader, Mary Baker Eddy, says are indispensable in meeting problems, it is imperative, to look to the divine Mind for guidance and wisdom to supply the impetus to do all things in a right way, and at the right time."

Church Officers
Mrs. Margaret Murvey Glenn Matters, C. S. B. of New York, daughter of the late Major General Edwin F. Glenn, of the United States Army, was elected President of The Mother Church to succeed George Shaw Cook, C. S. B. of Brookline, Mass. Edward L. Ripley of Brookline and Ezra Palmer of Middlefield were elected Treasurer and Clerk respectively. The chief duty of the president is to serve as presiding officer at the annual meeting.

Mrs. Matters spent her childhood in various parts of the United States, Alaska, the Philippines, China, and Japan. She studied Chinese, French, Italian, Spanish and German. She became interested in Christian Science, joined The Mother Church about three years ago and is now a member of the First Church in New York City.

Commenting on the turbulent international situation, the incoming President said that Christian Science reveals the power of individual man to meet and overcome the burden of domestic suggestions and apathy. It enables the Christian Scientist to overcome the belief that war can be a permanent advantage, or that it is to be feared. It destroys the desire for an unrighteous, unjust, and enslaving peace; and it sets right that wrong sense of values which would prefer this so-called peace to that active warfare between the flesh and Spirit which the Mother Church teaches, and which culminates in the victory of spirituality and Love."

Referring to the apparent strength of unity or quantity in material organization, she quoted

Where Were You?
The first thing this week in a general bawling-out of the Scouts of Birmingham for the louy show they made at the Memorial Day parade. Talk about the youth of America not being regimented! There were enough Scouts there to make a decent corporal's guard after the color guards and bearers were appointed; and as for the drilling, it was poor too. The only rank in step was the one which Dave Wyzant occupied. It wasn't all bad, though. Bill Robert's speech was darn good, and Scoutmaster Houser did a swell job of marshal. By and large, though, the Scout showing was not at all what might have been expected.

On Camping Trip
One troop whose absence was certainly noted, was Troop B-8. Under Scoutmaster Franklin Hershey, that whole troop was on a thirty day camping trip at Hurst State Park over Memorial Day, and if that isn't an excuse, we never know what is. They came in Scout fashion, and although it rained all one day, they had so rest of the trip. Scoutmaster (Scout fashion again) enjoying it. B-8 is not abandoning for the summer, but it may not win another good thing. It has always puzzled yours truly why so many troops abandon during the summer, and then have to start from scratch next fall. Summer is truly the best time for Scouting. We look for great things from B-8 in the fall.

Plan Canoe Jant
About the most ambitious project we have ever heard any troop undertake is a canoe trip. This one is to be led by Scoutmaster Frank Zaelin. The project is to buy a canoe and canoe trip. The trip is to begin July 6, when 10 Scouts of troop B-8 will leave for the Black River to Black Lake. They will stay there a couple of days and then proceed up the Black River to Cheboygan. We couldn't find Wolverine on the map, but from what we gather, the canoe will be substantially over a hundred miles in length. The trip has been raising funds for the undertaking by selling Christmas trees (in one section), paper drives and several other projects.

At Camp George
About 20 Scouts of troop B-7 spent the week end at Camp George, and what a time they had! They walked out, in the first place, many of them while on their way to camp. Some of them started walking from as far away as Clawson Sunday morning, and they were all but dead when they finally reached camp. Everyone was tired, though. We'd like to see anyone as fresh as a daisy after carrying a

tenderfoot's pack and bed roll for seven or eight miles. However, as soon as they got to camp they were at it again. While Scoutmaster George Scott, supervised tents for one of two, the rest was swimming, boating, canoeing, hiking, or playing. Not one of them was engaged in by Scouts at Camp George. Not one of them was down on supper, and afterwards there was a marshmallow roast. (The camp is so well settled to rest, just as the wee, sma' hours were growing longer.

The next day was a repetition of the first. There were all the noise branches of Scouting from five o'clock on, but no resting at all that we could see. How they all walked home after that is a mystery. At their meeting next night they unanimously passed the following resolution, to wit: "Resolved, that although B-8 may not win at the Courts of Honor, we have more fun than any other troop in town." Maybe so, but a little more fun like that will render us a candidate for a wheel chair. Guess we are getting old and feeble. —J.D.

Cranbrook Scientists Named to Posts of Museum Association
The American Association of Museums holding its 35th annual meeting in Detroit last week, elected the Cranbrook Academy of Art and the Cranbrook Institute of Science on Thursday. Three hundred guests from staffs and boards of museums in the United States and Canada were entertained at tea in the penthouse of the Institute.

What Your City Commission Is Doing—
June 3, 1940—
Bills were approved in an amount of \$8,912.91, including a two week payroll in the amount of \$7,564.78.
1940-41 budget in amount of \$11,866.80 was adopted.
In connection with an appeal presented by the owner of a building to be erected on Hunter, the Architectural Committee submitted two reports relative to the development of Hunter Blvd. Public hearing will be held on June 10 for the purpose of discussing with all property owners affected, plans for future development and construction on this highway.
Five for replacing sewers from the main to the property line was established at \$15.
IRENE E. HANLEY, City Clerk.

Three are Injured In South End Crash
Three persons were injured, none seriously, when cars collided late Monday evening at the south end of Hunter boulevard. The cars were driven by Sylvester Cufon, 507 East Adams, Detroit, who was going north, and Louis Crotzen, of Pine Lake Country Club.
Mrs. Maggie Chase, 58, 407 Adams, Detroit, suffered minor injuries. William Kendrick, 23, of the Pine Lake club, a leg injury and cuts; and Della Peterson, 37, of the club, received a hip injury and cuts as the result of the crash.

Woodchucks Appear To Like Leather
NEWBERRY—Two Newberry anglers, parking an automobile recently near a trout stream, locked the car and hid the keys beneath it. Returning to the spot, they began a tedious search on stairs and knees, finally locating the keys striped of their leather case at the edge of a woodchuck hole 30 feet away.

STATE OF MICHIGAN—The Probate Court for the County of Oakland. In a will of said Court, held at the Probate Office in the City of Pontiac, in said County on the 21st day of May, A. D. 1940.
Present, Hon. Arthur E. Moore, Judge of Probate.
Is the Matter of the Estate of Erveth S. Stebbins, late of said County of Oakland, deceased, who died testate, leaving a will which said that a petition praying that the administrator of said estate be appointed in Petitioner or to some one else.
It is Ordered, That the 15th day of June, A. D. 1940, at 10 o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition.
It is Further Ordered, That public notice thereof be given by publication of a copy of this order in two consecutive issues of three consecutive weeks previous to said day of hearing, in the Birmingham Enterprise, a newspaper printed and circulated in said County, and in accordance with the provisions of the Act in that behalf.
ARTHUR E. MOORE, Judge of Probate.
(A True Copy)
FLORENCE DUXY, Register of Probate.

this is TENDER BEEF
... IT IS PROVEN TENDER EVERY TIME
TENDERAY
THE FIRST AND ONLY PROCESS THAT GUARANTEES YOU TENDER BEEF EVERY TIME!
Tenderay is the first and only scientific beef tendering process in history. Discovered by three scientific leaders, The Kroger Food Laboratory, in their Westinghouse and the Kroger Fellowship at the Mellon Institute. Tenderay was not released until after three and a half years of research. Today, it is ready — we know it is perfect!!!
It'll amaze you — the way tendering makes every cut of quality beef more tender, more juicy, more flavorful. And be assured, no chemicals nor heat is used in Kroger's exclusive Tenderay. It is the only process that can guarantee tender beef every time, yet Tenderay costs you no more than ordinary beef.

KROGER'S TENDERAY BEEF
Only Government inspected beef is guaranteed tender, or your money back! Beware of imitations! There is only one Tenderay! It's Kroger's, exclusively!!!
