Moody OK's 'Yes' Vote on No. 3

Editor, The Eccentric: Not even a presidential election could induce me to write a letter for publication on a partisan or political issue.

Next week Tuesday we go to the polls to record our decisions on a number of vitally important questions.

Having done so, I set myself squarely down in the record as intending to vote 'Yes' on Proposal Number 3.

I approve the action of the State Legislature in amending the Motor Carrier Act to bring ALL trucks and buses using the state side city or village limits under State supervision.

All other companies, corporations and individuals pay gasoline taxes, license taxes, wheel taxes, etc. It's only because they do so that our great system of state highways is possible.

An Early Bid For the Cup

Titto and Towford, two-month-old Chihuahua, make an early bid for first prize cup in San Diego, Calif., dog show which will be held in December.

manufacturing industry—an industry by the way, which has been solidly built on merit without favors or subsidy.

If there is any valid reason why this city-owned utility should be given special favors on state highways, favors which it does not have on the streets of its own city.

Don't Overlook Vice-Presidency

Editor, The Eccentric: A forced reason for not voting for the "New Deal" Democratic ticket for President this year is the selection by Roosevelt of Wallace as the candidate for Vice-President.

I have listened to Mr. Wallace talk, read his speeches on how to get business rolling and his comments on the influence of the stars on national affairs as published in the New York Times.

So voters, when in that booth, gauge the ability of both men at the head of the ticket. The candidate for Vice-President on the Democratic ticket would not have even the confidence and support of the Democratic members of Congress if this should happen.

Editor, The Eccentric: We were told that we needed a savior. That was about seven years ago. We were told that we needed a savior. That was about seven years ago.

Council, Community Participation Committee, and has participated in intramural athletics. He attended Baldwin High School, and Howe School, Howe, Ind., prior to entering Antioch.

Learn Valve Locations

One building authority has suggested that on occupying a house, each member of the household should be made familiar with the shut-off valves so that in case of a leak or other accident, damage by escaping water can be reduced.

Actually, some ersatz articles in Nazi Germany are superior to the old, a chemist declares. We can see that sales slogan now, "Refuse the genuine."—Detroit News.

It's Not Clear Who Caused Crash

A minor auto crash occurred last Saturday evening on South Woodward avenue. Mrs. Winnie Glymer, of 18831 Cumberland, Detroit, told police that a car veered in front of her, driven by William Herrick, 26, of 391 South Woodward, Birmingham. Herrick blamed her for the mishap. Both were arrested for repeating.
