So, on top of the \$42,000,000 spent on our plants and machines these last four years we've added another \$10,000,000 in new facilities.

We've taken our greatest all-time car and steadily and carefully brought it forward to a perfection of action, ease, goodness beyond anything ever offered under our name.

Every car in all five series of the whole new line deserves unused fresh-minted language.

Stylewise, their suave and dynamic beauty refreshes the jaded eye as would sight of a hydrant in the desert.

They move and function like young wild things. They're all grace and poise and eagerness. They bring to driving and handling a keener pleasure and a new thrill.

Go see these superb new cars at your dealer's—without delay. They make plain why Buick is rightly called "exemplar of General Motors value."
