BRIGHTEN dark corners!
"pin-to-wall" lamp is just the thing
That gloomy corner even avoids can be transformed into one of the cheeriest spots in the room. Hang a pin-to-wall lamp with 100-watt bulb over the chair, and see what a difference it makes! (We'll not sell these lamps. See them at your dealer's.) The Deere Edison Company.

CHRISTMAS TELEPHONE CALLS

TALK UP TOO!

You can shop early and avoid the rush. You can mail Christmas cards early. But naturally you want to place Christmas telephone calls on Christmas Eve and Day. Then our rush is on!

Last Christmas the number of long distance telephone calls at some points was EIGHT times normal. This year we expect even greater "traffic jams".

No amount of stretching can expand a normal telephone system eight times its size for one day in a year. It would not be practical to build that large a system for just one day's use.

All available operators will be on duty this Christmas and new toll circuits will be in use. But here still will be delays on many calls. You can help speed your message by calling before 9 a.m. Christmas day. By giving the operator the number of the distant telephone.

If there is a delay on our Christmas call, we hope you will understand the situation we face.

MICHIGAN BELL TELEPHONE CO.

Give Electrical Gifts

After All Nothing Could Be More Practical

Electrical Gifts are available for every member on your gift list... How about A Radio, A Refrigerator, A Washer or A Range for the Home... Then there is a desk lamp for Father, A Mixer for Mother and small Radios for sister's or brother's room... Come down and let us show you the many fine gifts which are available this Christmas in the Electrical line.
