FOUND: A place where Birmingham people can still get imprinted cards in time for Christmas. This is another example of the service given by Indian Craft & Gift Shop, 149 S. Woodward.

Feed the Birds—But Don't Stop

LANSING—Winter feeding stations for song birds now being started by bird lovers may prove harmful unless they are maintained throughout the winter and until birds are able to find natural food in the spring, according to the conservation department's game division.

When feeding stations are abandoned during the winter afflicted birds usually fail to return to their regular living places in the wild, the birds often suffer for lack of food, especially during inclement weather. Feeding is especially important after ice storms, when birds cannot reach natural foods. Ornithologists say cold weather seldom kills birds but that have an adequate food supply.

Persons planning to operate feeding stations this winter should start now, the conservation department advises. Sunflower seeds, cracked nuts, acorns, parts of coconuts, wheat, corn, millet and a variety of other seeds may be purchased for feed. Pieces of suet hung in trees and running water are popular winter lures for birds.

Farmers interested in keeping pheasants on their farms may establish shallow, open feeding stations, the department says. Corn, either shelled or in the ear, is satisfactory food for game birds.
"Fragile."

Questions, Answers For Home Builders

Q. Can I use the same kind of linoleum for bathroom walls that is used on floors?

A. Floor linoleum is not recommended for wall use. Instead use one of the linoleum products manufactured especially for use on walls. These products can be applied to plaster, plywood or non-insulating wallboard. Walls should be clean and free from any surface irregularities which might show through the covering.

Q. Can brick be laid during the cold winter months? What precautions should be taken to insure a good job?

A. If materials and the finished work are properly protected there is no reason why winter construction cannot be entirely satisfactory. When the temperature drops below 40 degrees F. the brick, water, and sand should be heated. Brick should not be moistened before laying. Use only enough lime to make the mortar workable. Protect the finished brickwork from freezing for at least 48 hours.

Q. Can plastic paint be used over oil paint or plaster? Will it flake off?

A. Most plastic paints can be applied to any surface, either new or old, to which paint or varnish will adhere. This type of paint is highly flexible and, properly applied, should not flake off or peel.

State Conservation Rules Used in Africa

LANSING—Two Michigan conservation department handbooks on the improvement of lakes and streams for fishing are proving their value on the infant waters of South Africa.

Writing on establishment and maintenance of freshwater fish in South Africa, in the journal of the South African forestry association D. Hey, assistant curator of the Jonkershoek trout hatchery, pays tribute to the pioneer work of the Michigan men and quotes freely from their texts. Both books were issued by the conservation department's institute for fisheries research, to aid in improvement of Michigan sport fisheries, but they have been found useful in many quarters of the globe.

The South African climate and territory are not unlike those of the North American continent, but their waters lack the game fish that have made anglers' sport a popular sport in this country. Since the introduction in recent years of bluegills, black bass, and brook, brown and rainbow trout, these exotics are reported doing well in new home.

Have You Met . . .

Dr. and Mrs. Julian D. Tussey and their two-year old daughter, Sue Ann, who are living at 1860 Oak street. On completing his residency and special training, he was in Kansas City, Mo., this year. Dr. Tussey and his wife took a trip through the North, East, and West looking around for a permanent place to live. Both of them liked Birmingham right away—think it just the right spot to live and to bring up Sue Ann. Mrs. Tussey was a former nurse prior to her marriage and had taken years of medicine.

Looking Ahead

A mother noticed that her little daughter was hiding her crusts under the edge of her plate.

"Dorothy," she said severely, "you may live to want those crusts."

"I know, Mummy," replied the child. "That's why I'm saving them."

Men in Service

Editor's Note—Men in the armed forces and parents, are invited to send items of the boys' whereabouts and activities. Service men, stationed about the country, are hungry for news of their home friends. Even the address of a newly-plated inducted man is of interest.

More news will be found in Part III)

H Classification Abolished

In the past there has been 4-H classification for men who have already served in the armed forces but have won discharges; but with the declaration of war, this grouping was abolished and the men are up for reclassification. Those who are fit and without dependents may be called for service. There are three men locally in this category: Russell J. Reid, Romeyne Allan MacAlpine, and Lawrence William Durnell.

Classification Dec. 15

1-A
2-A
3-A
Franklyn W. Pierce, Jr., John Fowlett and Cleland Maxwell.

Enlistments

Word has come to the draft office of these enlistments: Gus Peter Mitchell, 541 Haynes, in the Air Corps on Dec. 10; sent to Jefferson Barracks, Mo.

Michael Golfogly, 320 Franklin road, Bloomfield Hills, enlisted in the Air Corps Dec. 14.

There will be no meeting of the Selective Service Board until Dec. 29.

Mrs. Thelma J. Mason, 776 Haynes, 1941 graduate of Baldwin, is the new assistant clerk at the office.

Obituary

Mrs. Margaret Cannon Bell

Mrs. Margaret Cannon Bell, of Southfield road, Birmingham, formerly Wednesday morning at the residence of George Herbert on South Lyon where she had been ill for 10 weeks. Funeral services will be held on Saturday afternoon at 2 o'clock from the Bell Funeral Home with the Rev. C. Mathews, of the Southfield Reformed Presbyterian church officiating. Burial will be in Royal Oak Cemetery.

Mrs. Bell had lived in Birmingham for the past three years, coming here from Romeo after the death of her husband, William, who was born in Pontiac 74 years and moved to Birmingham as a small child. She received her education in the Unity and Big Beaver districts, later teaching school in both Royal Oak and Troy Township. Following her marriage she moved to Romeo where she lived until three years ago.

Active in club work, Mrs. Bell was a member of the Southfield Reformed Presbyterian Church and belonged to the Missionary society of that church. She also was a member of the Women's Christian Temperance Union and the Romeo Monday Club.

Surviving is one son, W. Presscott, of Alpena; six grandchildren; and two brothers, James Cannon, of Birmingham, and Clyde Cannon, of Pleasant Ridge.

E. T. Atherton

Funeral services were held on Friday, Dec. 6, for Edward T. Atherton, 1444 Baldwin avenue, at the Bell Funeral Home. Birmingham. The Rev. Howard Services and burial was at Crescent Cemetery. Mr. Atherton died suddenly of coronary thrombosis on Dec. 4, while working at the Ford Motor Company in Detroit.

Born in Chatteris, Kambs., England, in 1866, Mr. Atherton came to this country in 1886. Since that time he had been associated with the Ford Motor Company. Mr. Atherton was an enthusiastic amateur gardener being the only Birmingham person to ever win a national award from the National Flower and Garden Club.

He is survived by his wife, Annie Biddlecombe Atherton, of Birmingham; two sons, Alfred H. of Royal Oak, and Lawrence D., of Birmingham; three grandchildren and one sister, Mrs. S. M. Lodge of England.

George H. Curry

Funeral services were held Saturday morning in Grand Rapids for George H. Curry, who died Friday morning at his home at 3544 North Adams.

Mr. Curry was born in Brockville, Canada, 64 years ago, and in 1906 he was married to Hope Elizabeth Rapids. He came to Birmingham from Detroit eight years ago, and since living here has been a member of the Holy Name Church parish. Mr. Curry served as a captain in the Salvation Army during the World War.

Besides his wife, there are surviving Mr. Curry, his mother, Mary J. Curry, of Kohler, Wis.; a brother, Bernard C. of Kohler, Wis., and two sisters, Mrs. Floyd A. Harrison, of Kohler, Wis., and Mrs. James J. Quinn, of Marshfield, Wis.

Wilson B. Hawley

Former residents of Birmingham will remember Wilson B. Hawley, 75 years old, who died last Saturday at his home in Detroit, 572 Seward street. For a time he lived in Birmingham; he was the brother-in-law of the late Mrs. Helen Hall Corson, mother of City Treasurer-Engineer H. H. Corson. Surviving are his wife, Eva, whom he married almost 50 years ago, and two sons, Elmer and Raymond, of California.

Funeral services were held Wednesday with burial at Roseland Cemetery.

Exchange and Lions Clubs Have Music; Lions Volunteer Aid

Exchange and Lions Clubs had programs of music this week.

On Tuesday, the Exchange heard the choir from Baldwin High School, directed by Victor Ulrich, and the student group received vigorous applause. A report was given on the Goodfellows' sale.

At the Lions Club, young Wilma Wieland played his accordion, both solo and as accompanist for group singing. A couple of years ago, he was on Major Bowes' program.

During the meeting, members enrolled 100 per cent for volunteer service in the national defense effort.

New Chestnut Escapes Blight

Now that a lone Chinese chestnut on the Michigan State College campus has survived the blight disease that is wiping out plantations of the American chestnut throughout Michigan, members of the college forestry department hope a small crop of 26 mature seeds will lead to other thrifty young plantations.

It took the lone Chinese tree 22 years to produce the 26 nuts. The tree was obtained in 1919 from the bureau of plant introduction of the United States Department of Agriculture.

The Chinese chestnut has a spreading growth similar to that of the American variety and the nuts produced are similar, being small in size. The flavor is not considered quite as sweet, because of extra content of tannic acid. The wood is softer and not as valuable as black walnut, but is easily worked and used for understock on veneer.

Say Many Houses Are Kept Too Hot

Health and heating authorities agree that most homes are overheated. The United States Public Health Service considers dry, heated rooms as pairing perhaps an important part in producing colds. The Health Service recommends 70° as a suitable room-time temperature. Since it is also a relative humidity that keeps the mucous membranes of the air passages much less than the dry atmosphere and highly tem- peratures which usually are encountered in artificially heated rooms.

During the daytime, when most of the family are engaged in intellectual effort, the thermostat may be lowered to 65° degrees. The house temperature after retiring to 50° will be 15° to 20° of the foot, depending on the outside temperatures and the heat leakage from the house. If the outdoor temperature is at 0° there is a temperature difference between the outdoors and indoors in the case of a house maintained at 70° of 70°. If the house is maintained at 50° the difference is much less. It takes much fuel to keep the house at the higher temperature during this period. Radiators shut off in sleeping rooms after retiring will save fuel. Or a person may instead set to turn the furnace off at half an hour to an hour before the customary time for retiring and start it again about 20 minutes before arising. This will soon repay itself in night-time oil saved.

A Sure Method

The only way to make it rain is for a writer to get up something funny for publication a week later about how dry it is.—Roanoke (Va.) News.

Bits of Birmingham

More "Bits" will be found in Page 6 of Part III)

The Safety Committee of the Birmingham Recreation Council has secured, through the State Safety Council an interesting group of posters on safety. These are now displayed in Sanders dry cleaning establishment. After Wednesday of this week, they were to be turned over to the Police Department for individual display, where they will do the most good in the promotion of safety.

Norval Farrell, deputy clerk and treasurer at Bloomfield Hills, is the proud papa of a daughter, Lois Ann, born last Thursday.

These local divorces have been granted in Circuit Court, Pontiac: Mrs. Shirley K. Knitter from Harry C. Knitter; and Mrs. Mary A. Dolin from James F. Dolin.

Monday was the 150th anniversary of the establishment of the Bill of Rights, and at 4:30 p. m. a beautiful flag was unfurled at the home of Dr. John H. Gordon, 339 Baldwin. The event was attended by invited guests and neighbors; and the ceremony was in charge of Gordon Cole, Boy Scout leader. The staff and flag were presented to Mr. and Mrs. John A. Peterson to their grandchildren, John Hunter Gordon and Clayton, Hill Gordon. Following the pledge of allegiance and singing of the Star Spangled Banner, guests were received at the Gordon home and light refreshments were served.
