

BALDWIN HI-LIGHT

By ANN NONIMOU

Hi, "you all!"

The second Thanksgiving dance given in the school gymnasium, in honor of the football letter men, was transformed into a football stadium, with goal posts, yard markers, and a press box. The men of '41 felt perfectly at home.

Emily Knapp and John Frink danced as were "Rusty" Shurt and Jack Wilcox.

One of the most interesting couples on the floor was William's new assistant coach, Newcomb and his girl, "Birdie," learns her name.

Everyone stood aside as "Papa" and "Mama" Bechtold were introduced.

Mr. and Mrs. Lloyd Johnson were there and seemed to enjoy the affair. George Sterling, Margaret Newell, Jeanne Merrett and Bob Clark were fascinated by Jimmy Davenport's hand.

Phyllis, Phil Dibble, Mrs. Hanson and Dave Standford were double to the party.

Such a night might be had as Ken Duff and Frank Johnson were very much interested in the interesting, Paul Kelley and Ballard joined and John Frink stayed.

Ann Savage and Bill Stewart were among the throng.

Mary Taylor and Newell were hot dogs and pay were paid in the red and white stripes.

After attending, Bill Taylor and Ed Anderson's wedding. Margaret and Fletcher Plang joined the dancers. Natalie Seaton and Jim Andrew seemed to love dancing. Norm Porter and Bettie Fritz still seem to be enjoying each other's company.

Well, there are only 10 more shopping days 'til Christmas, so get busy.

Christ Church Vesper Program Announced

Christ Church Cranbrook held its second vesper service on the Advent series of the services on Sunday afternoon.

The program featured a four-time special organ recital which was played by E. W. Hill, organist and choir director. In addition to the organ recital, the Chappan will sing a solo cantata by Mozart, "Die Pre des uns muselchen."

The organ recital will include the following selections: "Angels from the Realms of Glory," "Toccata and Fugue in D Minor," "All Hail the Power of Jesus Name."

The second group for the organ includes: "The Fifters" by G. F. Aldrich, "Saralande" by Corcell, "Gigue" by J. C. Bach.

Besides the solo cantata, the choir will sing "Angels from the Realms of Glory," "How, How a Rose Eve Blooming." The recital will close with the organ group, "Masses" by Williams, "Noel" by d'Annunzio, and "Dupre's Magnificat."

Red Cross Ready For Mass Feeding

Preparations for feeding up wards of 500 persons in any part of the county within a few short hours notice is no small task. However, members of the cabinet committee of the Oakland County chapter of the American Red Cross have set up an organization which would function efficiently should the need for emergency mass feeding occur.

Mrs. Lymna Craig, chairman of the cabinet committee, met with 24 captains and their lieutenants recently for a luncheon at Christ Church Cranbrook.

Mrs. Margaret Elizabeth Griggs, Miss Margaret Elizabeth Griggs of Ford Heights, Detroit, Mrs. Sheldon Noble, volunteer secretary, chairman, Mrs. D. D. Try an Eccentric Classified Ad for quick results.

Take a tip from the Old Timers

TRAVELING around town here, I'll announce among heavier, brighter, sleeker models, you'll find a lot of faithful old Buicks that are still in service after six, eight, ten or even more years of use.

They may look some of funny next to trim 1942 models, and they undoubtedly don't put off as fast on the lights.

But it's worth noting that these are sturdy old Buicks that are still running, still serving faithfully and well.

Because they have the same basic type of engine as the sleek 1942 Buick—a rugged, long-lived, extra-efficient V-type-in-head, though it is in a more modern body by FIREBALL combustion.

They have the same dependable drive—a stout torque tube driving a sturdy steel shaft stretching its unbroken length from transmission to rear axle.

Frames are fundamentally the same now as then; brakes, though hydraulic now, use the same efficient, self-energizing action. These Old-Timers ever used the same piston material.

All the factors that make for strength and long life are present today as in the past—plus such further advances as all-steel springs that never lose their comfort, Domett pistons that squeak no more good front fenders, Compaund Carburetion that spalls quick economy with unmatched reserve power.

There's more comfort, more convenience, more beauty, more power in these '42 models—dollar for dollar.
