

Movies of African Rites to Be Shown In Lecture at Cranbrook Auditorium

Dr. John Harvey Furby, lecturer on the Black Magic of Liberia, Africa, has been engaged to speak at Cranbrook School auditorium at 8:15 p. m. Friday evening, Jan. 24. This is not a part of the regular lecture series as such, but largely the same group is expected to attend.

Author of the Debunker column syndicated daily by the Philadelphia Public Ledger, he has just returned from an extensive tour of Liberia, that little-known country of Africa.

"I have seen Black Magic work," stated Dr. Furby, "but only because the person upon whom it was directed can kill certain persons at long distance. It is entirely mental, the victim believes himself doomed, creeps off into a corner and dies."

Sound Effects, Also. Astonishing pictures, some in natural color, accompanying sound effects of jungle music accompanying native dances are among the

BIRMINGHAM THEATRE THURSDAY, FRIDAY, SATURDAY The Marx Bros. 'GO WEST' A KENNETH ROBERTS NOVEL 'Captain Caution' STARRING Victor Mature and Louise Platt

Dr. Furby

trophies brought back by Dr. Furby, for his own talent in getting information about strange subjects, in little short of white magic.

Liberia is far from being all jungle and all raw natives; points of the people are highly educated, have degrees from well known universities, live in handsome mansions, and many have collections of phonograph records of the greatest of the world's classical music.

Dr. Furby, despite knowledge of rather terrible rites and ceremonies, believes the Liberian native on the whole to be friendly and genial.

Shows Dakar, Africa. Dr. Furby will show, also, pictures of Dakar, scene of the ill-fated DeGaulle expedition. He also has interesting stories of the missionary work done by Methodist, Lutheran and Episcopal churches.

This lecture is on the World Adventure Series and really is exceedingly good. We are very fortunate in getting him here. Vernon B. Kellett, program chairman, of the Junior District, should be mentioned. Admission is 50 cents. Try an Eccentric Classified Ad for quick results

Court of Honor. Don't forget, everybody, to turn out for the Court of Honor, Friday night. Time and place as usual, at Community House at eight. We hear that there will be several new Eagles, and that two brothers will receive the Edwin S. George Palm Award.

Camp News. The new weekend camping schedule has been issued and we find we've gained a week. It went last week and it is stated by Scoutmaster Fred J. Zocilin and confirmed by no less an authority than our District Commissioner the same Fred J. Zocilin, that when B-S goes out on the 18th it will be safe to eat from the kitchen.

Troop News. Scoutmaster A. E. Eberhart, B-1, is issuing a monthly bulletin for parents, to let them know what Junior is doing or should be doing, and to notify them of coming Scout events.

Scoutmaster J. W. Philippi, Jr., tells us that the boys made a nice profit from selling Christmas wreaths and that they will reap the benefit of their labors by seeing a Red Wing hockey game in the near future.

Patrons are being chosen to pilot B-7, which has been without a regular Scoutmaster since Scotty was called to active service in the Navy.

There will be an important announcement of interest to all Birmingham District Scouts and Scouters in this column next week. Don't miss it.

JOHN ROSSO, JOHN GILLESPIE, Scribes. Tod Fast on the Draw. "Doc your wife have an allowance?" "We tried it but it didn't work."

Modern Christianity became too comfortable for its own sake. The sacrifice of others before it produced a softening, almost music of life, lulling us away from the realization that such a way of life would not be maintained without great responsibility and constant patching-up.

Church News

First Baptist Church. Willits at Bates St. Rev. Warren C. Hester, Minister. David Anderson, S. S. Superintendent. Sunday school, 10:30 a. m. Church school, 10:30 a. m. Morning worship, 11:00 a. m. DOES FORD PAY GOOD WAGES?

HIND ARE SOME FACTS about Ford Labor. During the year ended November 30th, 1933, the Ford Payroll throughout the United States averaged 113,628 hourly wage earners, not including office employees, managers, or executives. They were paid \$185,105,639.12. On this basis, the average annual wage was \$1,629.05.

According to the latest available government figures, the annual average wage of all workers in employment covered by old age insurance law was \$841.00.

If the 45,000,000 workers of this country received the same average wage as Ford employees, they would have had additional wages of more than \$35,000,000,000, thus increasing the national income about 50%. Think what such an increase would mean to the workers of this country and to the American farmer, whose prices are based on the national income.

Wage scales in the Ford Rouge plants are divided into three classifications: Unskilled... Minimum hiring wage - 75c per hour. Semi-skilled... Minimum hiring wage - 80c per hour. Skilled... Minimum hiring wage - 90c per hour.

Higher wages are in consideration of ability and years of service. Minimum wage scales for unskilled labor at the Rouge plant are the highest in the industry. Top wages for skilled labor compare favorably with, or are higher than, wages in other automobile plants.

Now some facts on Ford labor conditions: Not only are sanitation and other health conditions the best in the industry, but Ford also leads in safety devices for the protection of employees. Proof of this is found in the following comparison of compensation insurance costs:

The national average rate in automotive manufacturing plants as computed by the National Association of Underwriters is in excess of \$1.50 premium on each \$100 payroll. The Ford cost of workmen's compensation is less than 50c.

This indicates that the chance of injury in a Ford plant is much less than in the average automobile plant. The Ford Motor Company has no age limit for labor, and in fact deliberately attempts to keep its workers young. The average age of Ford workers at the Rouge and nearby plants is 38.7.

A recent check-up shows that nearly one-half the workers at these Ford plants were 40 or over, falling into these age groups: 25,819 between 40 and 50; 14,731 between 50 and 60; 3,377 between 60 and 70; 417 between 70 and 80; 12 between 80 and 90.
