

Adler Arraigns Education System In Cranbrook Talk

By FENTON R. MATHEWS

Another of the Cranbrook summer course programs was held to Cranbrook yesterday. Thursday evening with Dr. Mortimer J. Adler as the speaker.

It is not popular to see things as they are in our land today but this reviewer will go to his work and say what he could see things as they exist; the reason for some of them, and with frankness to express himself concerning what he means by some of the things that were hidden.

Dr. Adler spoke on education, that being one of the main discussions and perhaps the least interesting item that confronts us today. Education as we call it has developed so as to befuddle present and future citizens.

To those understanding the American scene it is common knowledge that most anything can be achieved in this nation through the right contacts and the correct contacts. It is an established fact that people do not want to think and that sugar coated sayings are more grace than are facts.

Educated and Clever

Dr. Adler is both educated and clever. Educated, according to me standard, means having exercised the mind and intellect in addition.

For the reason that he thinks, he is, therefore, educated, and he goes still further, he is clever for the reason that he captains the discussion, thus getting and people pay to hear him speak, to read what he has written. But wouldn't we all?

Concerning the "hand-up." It is said that the Franklin, D. Roosevelt, "Information Please" program, induced Dr. Adler to write a best selling book, "How to Read a Book." Also, Dr. Adler is connected with the college president of Chicago University, Robert M. Hutchins, and is visiting at St. John's College, Annapolis.

Though connected with two universities, he delivered a terrific and deserved indictment against the present system of education, placing the blame at the door of the parents.

Education Outside College

"Eight years of high school and college work could easily be done in four years if certain things were employed." Most college graduates out of school five or ten years realize how little they learned, and "the best students" in college may possibly become educated while he in the college were some of the most intelligent statements made by Dr. Adler.

He divided education into three groups: infantile, adolescent, and adult; the adolescent group being that group in college and the lower schools.

Going back to this time of Plato when reason and thinking was on a much higher plane than now, Dr. Adler told of Plato's idea for those young men who had received the tools who were to be placed in the seminary and taught music and dramatics until they were twenty; then from twenty to thirty they were to receive training. From thirty to forty they entered the political world and at forty returned to the seminary to study philosophy. Aristotle was toward the same method of mental training; for he believed that younger men were swayed more by logic than older men, than having more years to their credit.

Though associated with two universities, Dr. Adler stated that present college are dismal affairs and again the parents were assigned the responsibility for the condition.

Parents Mistake

According to Dr. Adler, parents are making a great mistake when they insist that their children may settle the offspring to college and gain wealth and fame from the education they receive while in college. Education is not gained at college. One experiencing and constant development, whether by discovery or instruction, can produce what is termed education. Discovery is the process of receiving instruction without people learning from instruction rather than discovery due to the fact that so few people think and lack the art of discovery.

"A lecture is the notes of the teacher without reasoning on the student without reasoning the mind of the student out of the many remarks enjoyed by the audience."

In closing he stated that "though one may have perfect eyes, excellent glasses, the brightest Mazda lights and the best car in the book, it still requires thinking to understand what is in the book."

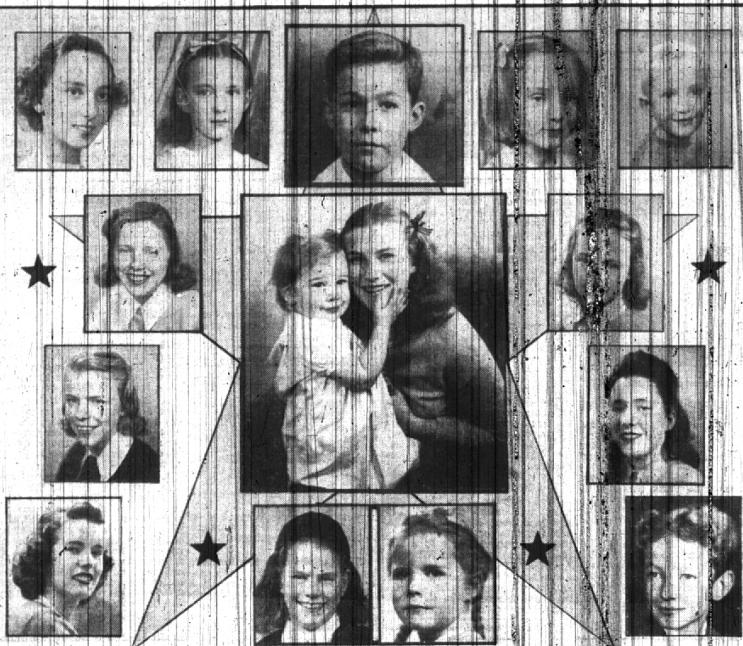

"Though Dr. Adler stressed thinking, he did not say that it would be interesting to know how many people could remember at this date the highlights of his lecture."

The usual question period was indulged wherein neither the speaker or the questioner understood each other and little satisfaction was obtained.

Avoids One Car, Smashes Another

Last Sunday afternoon, Donald Flynn, 16 years old, of 732 Pierce street, driving west on Safford, suddenly trying to avoid another car, and crashing into a machine driven by Julia Joseph Smith, of 3258 Buena Vista, Detroit, breaking out of the driveway at 765 Safford. No one was hurt.

'A Junior Album'

TOW ROW, BOTH SIDES OF CENTER: Sally, Susan, Anne and Jimmie, children of Mr. and Mrs. J. R. Mock, 356 Lake Park. LEFT OF CENTER: "Bobbie" and Honey Mayo, daughters of Mr. and Mrs. Robert H. White, North Woodward.

Thickness of Batter and Heat of Iron of Prime Importance in Waffle Making

In the making and baking of waffles there are two essential things to be considered, the thickness of the batter and the heat of the iron. In these recipes all measurements are given in level, 4-ounce measuring cup and spoon and measuring cup and spoon are always used.

Plain Waffle

2 cups flour
2 teaspoons baking powder
1 teaspoon salt
2 eggs
1 1/2 cups milk
6 tablespoons melted shortening
Sift dry ingredients. Separate white from yolks of eggs, beat white with sugar and shortening, mix with milk. Continue beating with egg beater. Add the sifted dry ingredients. Beat with egg beater until smooth. Sifted dry ingredients, add to the batter. Bake in waffle iron. Put together again, stirring it up in a waffle iron with butter filling or whipped cream. This makes 6 layers. Bake in waffle iron.

Bran Waffles

2 cups flour
2 teaspoons baking powder
1 teaspoon salt
1/4 cup bran
1/4 cup sugar
4 teaspoons baking powder
Sift these together. Take 2 eggs
2 cups thick sour milk
4 tablespoons of melted shortening
Sift dry ingredients. Mix and bake as usual.

Corn Pone

Fenders were smashed last Friday evening at Maple and Adams when Sally Patterson, 15 years old, of 1120 Adams, was driving home from Adams and turning left onto Adams, collided with a car driven by Manuel N. Burnett, 16, going west on Maple.

Closing of Cold creek to smelt dipping, at least for two or three years, is recommended by the committee on aquatic resources and the fish and game commission, on completion of a fisheries survey of Crystal lake. It is from Cold creek that dip netters take the spawning smelt by the thousands every spring.

Pecan Waffles

1 1/2 cups buckwheat
1 1/2 cup flour
3 teaspoons baking powder
1 teaspoon salt
1 tablespoon sugar
2 eggs
1 1/2 cups milk
6 tablespoons melted shortening
3 tablespoons chopped pecans
Vanilla extract
Mix and bake as usual. Serve as a dessert with whipped cream.

Short Cake

2 cups flour
1 1/2 teaspoon salt
1 1/2 cup sugar
2 eggs
1 1/2 cups milk
6 tablespoons melted shortening
1 1/2 cup milk
1 1/2 cup sugar
1 1/2 cups flour
1 1/2 teaspoon salt
1 1/2 cup sugar
2 eggs
1 1/2 cups milk
6 tablespoons melted shortening
3 tablespoons chopped pecans
Vanilla extract
Mix and bake as usual. Serve as a dessert with whipped cream.

WPA Luncheon Set for Friday

About 100 Oakland County officials of one category and another are to attend a luncheon at Kingsley Inn today, noon, sponsored by the professional women of the Works Projects Administration.

City Manager Donald C. Gilbert, Supervisor D. C. Green, State Senator Robert D. Clegg and possibly Mayor John E. March will represent Birmingham and one of the problems they will bring up is the beautify Birmingham has had this winter, securing WPA recreational labor.

The director of each WPA project will describe his or her job briefly, followed by messages from Labor and Industrial Affairs officials. Mrs. Thelma Bailey, of Birmingham, county coordinator of information, arranged the luncheon.

Says Word 'Ain't' Really Ain't So Bad

MT. PLEASANT — If you like it, say "ain't," because it ain't too badly wrong.

Like many slang slangs word and phrase, though it is not standard English, it is not of bad sound.

"Words like 'ain't' and color and individuality to our everyday language that set us apart from standard high English," says Dr. E. A. Murphy, department head at Central State Teachers College.

"And, anyhow, the test of whether a word is right or wrong is the test of its language level," he says. "The use of 'ain't' in our language is not necessarily right for the level of standard English. At the same time, many phrases are added to our vocabulary which would not fit into either of the other two levels—logical and standard."

Aside from "language level," there are two points of his language, he says. Dr. Beck maintains.

You can speak the King's English when all stiff correctness of grammar unbroken by the tongue of the common people. And if the ordinary fellow will stop to think about it, he will say to himself, "I'm not a fool."

"And if the ordinary fellow will stop to think about it, he will say to himself, "I'm not a fool."

This is to say he uses words that have color and punch and that don't mean house with earth and precision.

John Strong, from Northern Michigan, has been visiting his brothers, Will, Bill and the rest of the family in the past week.

John Strong, from Northern Michigan, has been visiting his brothers, Will, Bill and the rest of the family in the past week. He is a trustee and treasurer of a railway company that actually gives him two weeks vacation all at once.

Twenty-five Years Ago

JAN. 15, 1915 — Miss Irene Wood, of Tuscola, is the guest of Mrs. Bert Wood, of 1120 Adams, and wife of West Maple avenue, is quite ill.

George Anderson and Elmer H. Birmingham, substitute carboys for R. D. routes three and one, have just passed their examinations in the most strenuous, energetic and difficult time of the whole year, the holiday season, when packhorses, carts and teams were scarce.

Secretary of War Garrison, in his report to the house committee on military affairs, proposed the creation of a national guard force of more than 1,000,000 men. In this year, accumulation of a huge reserve of ammunition and equipment and elaborate extension of the coast defense. All of this project involving an initial expense of \$600,000,000.

The United States has sent 6 Ambulances to the British foreign office a note vigorously protesting against the British authorities interfering with and censoring mail to the United States to neutral European countries.

Five Years Ago

JAN. 15, 1936 — Bill Gail and Carolyn Barnes are valedictorians and salutatorian of the January graduation class.

As a result of a bid from a city truck company to haul away streets, William Luth, 16-year-old employee of the city, died Friday in St. Joseph Mercy Hospital.

Montgomery, James, of 1110 Abbe road, and Charles Johnson, of Keweenaw avenue, were residents to the offices of chairman of the board of public works of the city of Birmingham.

Walsh, James, and Wasey company announced the addition to their permanent forces of Donald G. Eads, 18, of 1120 Adams, of Safford road for the past six years.

Hood For Baby Discussed In New Book at Library

By LINDO MOORE

Suffolk Free Academy, an up-and-coming school, is feeling impelled from trying to be a better school when its students are not in the classroom. H. Miller's book, "Hood For Baby," is one of the new ones at the library.

Attacking the problems with enthusiasm and humor, the author deals with everyday needs, special problems and personal problems.

The director of each WPA project will describe his or her job briefly, followed by messages from Labor and Industrial Affairs officials. Mrs. Thelma Bailey, of Birmingham, county coordinator of information, arranged the luncheon.

"Canadian airmen's surprise is not to find the German death death. He is given a helmet and oxygen mask for flying in the upper altitudes when making delivery of bombs to various sections of Germany."

Dimitri Mitropoulos Coming to Ann Arbor

Dimitri Mitropoulos, conductor of the Minneapolis Symphony Orchestra, will make his debut with the Detroit Symphony, Jan. 21, in the Choral Union Concert series, in Hill Auditorium, Ann Arbor.

Mr. Mitropoulos' first visit to America was as director of the Boston Symphony Orchestra, of which he was a member.
