As chapter chairman I am now anxious to direct affairs of the chapter so that success time activities in which the Chapter has been enlarged and expanded to meet home defense needs.

Standard and advanced classes have been given by him during the past year."

IN FASHION NOW
Sport cloth this season was most attractive. Time was when only the young and slim could get into bathing and play suits without becoming figures of fun, but designers this season have taken care of the girls with the roll around the waistline as well as around the bust. Elasticized suits with strong inner brass and sherring on the sides can dip wafers for the worse than average figure.
