Softball Meeting Held Last Night; Season Shortened

A special softball managers' meeting last night has decided to choose all-star softball teams to play before the donor softball game on the night of July 30. The teams to be chosen will be the league managers and umpires.

It was also tentatively decided to send a team to the state softball tournament in Ann Arbor sometime in August. This team will be made up of representatives of all of the teams.

Another thing decided was to terminate the league schedule on August 31 instead of Sept. 6. Several of the league managers also volunteered to work on the two new teams, Barm and Torrey.

In games Wednesday night, Bell's defeated Mortimer's 13-5. In a previous game Bell had defeated Mortimer's 11-1. Mortimer's manager, Steve Stevens, from MSC, 9-10.

By a unanimous vote it was decided to accept the offer to play next week and to play all games on Barm and Torrey fields.

The protest game between Dwyer's and Bell's and the game between Dwyer's and Franklin's will be replayed in the near future by mutual consent of the managers involved.

Editor's note—Closing the series on articles prepared by Administrative officers and teachers of the public schools is this discussion on summer recreation for children. They are again suggested as a means which the children will enjoy.

For the 1250 elementary school children in Birmingham the closing of school means just one thing: the time when lessons end and vacation begins. But for the boys and girls who are not so fortunate as to have a vacation, the responsibility for their children's safety and well-being is a different story. They are faced with the problem of providing a summer program which will be profitable from the standpoint of health, safety, recreation and education. Since education is a continuous process, it behooves every family to supply suitable substitutions for the regular classroom work when the latter ceases in order that desirable activities may be avoided.

Family-Summer Experiences—It is a matter of first-hand knowledge, the vacation is a time when families may be reunited by simply taking a vacation together. This is a time when the family is together, and the opportunity for extended family companionship is frequent during the busy summer months. Speaking of children's

"No more lessons, no more books . . ." Young Birmingham turns its back on school, for the summer. Yet, editors believe that summer should not be wasted, as they have outlined in the article herewith.
