

Men in Service

Editor's Note—Men in the armed forces, and some, are invited to send us news of the boys' whereabouts and activities. Service men scattered about the country are invited to contribute to these pages. Send the address of a newly-placed institution if of interest.

Major Howell Writes: A former Birmingham resident, Major Howell, is now Major Howell in the dental corps, Fort Custer, and he writes to have his name put on the new address. He said that the station hospital possesses a "beautifully-equipped dental clinic."

Major Howell was at Custer in 1918, and he adds that while the base lacks much the same, there have been many changes in Army methods since World War days.

Fort Custer Transfers: FORT CUSTER—Recent transfers of soldiers to Fort Custer have been sent to the Medical Replacement Training Center, Camp Grant, Ill. Kenneth G. McLaren has been sent to Fort Curtis, Va.

Army Fights Mosquitoes: FORT CUSTER—A grant of \$12,900 to Fort Custer was announced last week for continuation of the mosquito eradication and control program which had been instituted at the Fort since June.

Foreign Legion: Editor, The Eccentric: I have written about maneuvers and military work in a soldier's life. This time I am writing about "our boys."

Youth from Russia: Private Yvan Ristich, who is from Lugodino, has told me many interesting things about his country and his people's customs.

Man on Destroyer: Editor, The Eccentric: I have written about the destroyer "Tells of Experiences" in the United States two years and three months ago.

More of Customs: In the public schools the boys and girls are in the same classroom but the boys are on the right side of the room and the girls on the left.

Remedy Defects: LANSING—Registrars likely to be called for duty under Selective Service are urged by the Michigan Council of Defense to learn the physical standards of the armed forces.

Marine Corps Enlistments: Under existing regulations governing enlistment in the Marine Corps applications for service with the Marine Corps may be accepted from young men between the ages of 17 to 31 for either the regular Marine Corps or the National Reserve.

Not a Job: There is a feeling of restlessness over the country, says a writer. That is the worst of these new winter woollies.

Pleasant War Picture Gardeners' Corner

Doris T. Patten, Editor

Dallas: During the summer, cultivating Dallas is of major importance. However, as the season progresses, the small fibrous roots of the dahlias are growing near the surface.

Grow Pansies, Violets from Seed: Many pansies such as are sold in flower in early the fall of the year can be raised from seed.

Simulated Training Function: While defense industries are going into mass production of many types of weapons, troops engaged in the most modern weapons are making effective use of dummy weapons.

Remedy Defects: LANSING—Registrars likely to be called for duty under Selective Service are urged by the Michigan Council of Defense to learn the physical standards of the armed forces.

Marine Corps Enlistments: Under existing regulations governing enlistment in the Marine Corps applications for service with the Marine Corps may be accepted from young men between the ages of 17 to 31 for either the regular Marine Corps or the National Reserve.
