Symbols of Faithful Friendship

"THERE is nothing quite as precious as friendship; and when it is *faithful* friendship it seems to transcend in importance all the lesser things of life.

For without true friends, how empty and how dull our lives would be! It is entirely fitting, therefore, that on occasion we should pause and commemorate our friendships, for when they are real, they are not glass threads or frost-work, but the solidest thing we know"—to use the words of Emerson.

Easter, the great re-dawning of the hope of the world, is being sensed by more and more people each year as an occasion when friendships should be acclaimed anews and it is being done increasingly through gift-giving.

Here at LaBelles you will find appropriate, well-chosen books and gifts—of such character, richness and adequacy that they will assuredly become what you would wish them to be—*"symbols of faithful friendship."*
