

Parents of Football Players to Give Annual Banquet for Boys Wednesday, Nov. 26

A. Fletcher Plant Will Head Group Preparing Program

Safety Patrol Car Used by Police

Occasionally during the week the new Winnings safety patrol car has been stationed beside Baldwin High School to promote safety at the school.

BY FRANK KANE
Hannepin, by the absence of time are backhanded many Birmingham students who took part in the program. The assembly opened with bugles, bugle playing the "Call to Colors." The audience gave the flag salute and sang "God Bless America" under the direction of Miss Vernon Schaar. Ruth Kadell read "I Have a Refresher." With Death's "A young son's dirge" was conducted by Dr. Carlton Fox. Alice Grant-Waters, Robert Brangham, Marion Carlton, and Lloyd Baker, all of Baldwin, joined the students also participated. Before standing at attention at 11 o'clock, Bruce Roel played "Taps."

A large crowd of Birmingham routers saw a heavy Plymouth route, and the audience gave the Maples hopes for an undisputed championship in the second half as snow and mud bogged down the Leaf's route.

Baker, 227-pound Plymouth fullback, pried the Rocks with two touchdowns, while his teammates Paul Kelley, contributed much of the team's needed speed and another marker.

Most of the Quarterbacks, though fathers of the present football team. In the last year, these men have always been happy when the football team or any other organization could not help them. They were organized last fall when many of the fathers felt the need of new parks for their sons. This fall, the project of purchasing parkland turned out to be a big success. After that the men stayed organized in order to render any further service they could. Since the Quarterbacks have done a good job, this year they helped organize the caravan to Plymouth and furnished transportation busses for the automobile.

On many cold afternoons football practices we see members of the Sideline Quarterbacks in the cold, wet, rain, the Sideline Quarterbacks have done a lot of credit; J. M. Armstrong is president; M. D. Watters, secretary; and Heber P. Gahm, treasurer.

Because the Maples have had one game many of the students from the Sideline Quarterbacks have come to the games to help. These students are really doing a lot of work. They serve a lot of credit; J. M. Armstrong is president; M. D. Watters, secretary; and Heber P. Gahm, treasurer.

The football committee is Norman James and Mrs. A. L. Jones. Place cards are in the care of Mrs. H. L. Garfield and Mrs. W. Kelley; invitations, Mrs. Marcelline.
