

Club 41' Show Will Have Cast Of 200 Students

With casting completed and practices already begun, the year's all-theater variety show, "Club 41" is beginning to take shape. There will be 27 acts and over 200 students in the cast. The decorations, which are being planned by the art classes under the direction of John Cornish, and by the industrial art classes under Robert Brearly, will give the appearance of a sophisticated night-club.

BALDWIN HIGHLIGHTS

By ANN NONIMOUS
Dear Kids:
Anne said the address of this group is "The Baldwin Club." I suddenly realized that from the conversation that went around that the name of the club was over and over in my mind. I'm sure you're all wondering what this name means. Well, it's the name of a place in the city of Baldwin, New York, where a very famous scientist, Dr. Rutherford, lived. He was the first to discover that atoms were made of smaller parts called protons and neutrons. He also discovered that electrons are outside the atom.

Athletic Events Hold Interest at Vaughan School

The highlights of last week at the Bloomfield Hills School large sports field were the athletic program. Since last Thursday, there have been four football games and two field hockey games.

On Oct. 9, there were two games. Both were played at Bloomfield with the first game starting at 2:30. Grades 4, 5 and 6 played the corresponding grades of the Grobbs Pointe Country Day School, Bloomfield, with 14 to 10. With touchdowns being made by John Balastreri and Dick Miers. The second game began at 4:30. Dick Wilson and Harry Winston scored for Vaughan as the 7th and 8th grades defeated Grobbs Pointe by the score of 13 to 7. On Friday, the Varsity played Clarkson. For the Varsity played Clarkson. For the Varsity played Clarkson. For the Varsity played Clarkson.

With the Collegians

William and Mary College, GLORIA GRUBER, Birmingham senior in Michigan State College, left Sunday, Oct. 5 for the National Dairy show at Memphis, Tenn., along with four other agriculture students as members of the college's "Little Jug" team. Several stops were scheduled along the way to study large dairy farms of national reputation.

Gardeners' Corner

Falling Leaves
The first sniff of a fall leaf from your garden editor gets the editor's attention. The falling leaves of the spring are the first to arrive. It is time to get ready for the winter garden. The first thing to do is to clean up the garden. Remove all the dead leaves and trim the plants. This will help the plants to get ready for the winter.

Scout Car and Another Collide

Patrolman Edgar Carlson, driving a City scout car, collided Friday morning with a machine driven by Herbert Buchelman, 4227 Waverly, Detroit. Buchelman had north on Hunter boulevard and had stopped for the Oakland avenue light. The scoutman, driving in the second lane, turned left and collided with the other car in the extreme westerly lane. Fenders were dented.

Titans' Next Foe Is Oklahoma Aggies

DETROIT—Coach "Gus" Dorais' University of Detroit Titans return to the daylight was next Saturday, after playing two night games on their home grounds. This time they will be on a foreign field for the second time this season and they hope that they will be as fortunate at Stillwater, Okla., as they were at Bloomington, Indiana, on Sept. 27.

BUICK BUILDS FOR DEFENSE

A word about the calibre of the distinguished new automobiles that Buick now builds for market for 1942

Two thoughts stood solemnly in the mind of the planner of our 1942 cars. The first was—in their materials these cars must not trespass on the current needs of national defense. The second was—in their quality and performance they must not be an "ersatz" product.
