-Among Outstanding Homes

Between Birmingham and Bloomfield, this Early Am Between Birmingham and Bloomfield, this Early Amer-ican home is built on a knoll goverlooking the surround-ing countryside. Matchless planting, 1½ acres, with lawns like putting greens, termin contr. specimen ever-greens and shrubs all cared for by an underground-sprinkling system, make it a gardense's paradise. A ground floor recreation room beautifully panelled overlooks the garden. 4 bedrooms and 2 baths accommo-date the family, and 2 servants rooms and bath com-plete the second floor. Arranged for nonfortable living, here is a home which cannot be built today.

A 4-car garage provides room for tools and the space above could be finished off for play or hobby very eco-

Best of all are the maintenance figures. Annual heating costs are only \$175 and the yearly takes amount to only \$164. See this lovely property as soon as you can.
