OPM on the Trail Of Junker Autos

A campaign to increase the
junking of worn-out automobiles
and thus provide additional scrap
iron and steel needed urgently for
defense production will be
extended to the Chicago, St. Louis,
and Kansas City areas, the Office
of Production Management
announced.

AT MEETINGS in the three cities,
Government officials will appeal to
automobile wreckers and scrap
iron dealers to strip derelict cars
and trucks in their yards of usable parts
and scrap the bodies and engine
blocks immediately.
