Powdered Lead Kills White Grub

Good home defense these days involves lead, but this time in the form of powdered lead arsenate on lawns where white grubs, the larvae of the June beetle, prevail.

Dead patches of lawn that fail to grow in frequent showers usually are the result of white grubs eating of the bluegrass roots.

Dead patches of lawn that fail to grow in frequent showers usually are the result of white grubs eating of the bluegrass roots.

James Evans Case

James D. Evans, of 956 Chester street, was arrested Tuesday by James J. Forbes, St. Paul police officer in charge of driving while under the influence of liquor...

On a new law Professor McDaniel would apply a complete treatment of 100 pounds of lead arsenate to each 1,000 square feet.
