Huge Black Bear Trapped by Officer

CRYSTAL FALLS. Farmers along the Brule river are relieved to learn that a huge black bear

that recently killed nine sheep has been trapped and killed by Commissioner Paul Houliout.

Permitted to have been granted local residents to kill the bear and when a hunting party of 25 experienced woodsmen failed to capture it, Officer Houliout set his traps and made the catch.

District Supervisor B. H. Stephany said that several bear complaints have been received in recent weeks and he advised the animal's boldness to be a heavy cross this summer.

Traps were set in a wooded area near the Brule river and the bear was caught in a trap.

The bear was killed and its skin was taken for taxidermy.

The bear was found to be a male, about 10 years old, and weighed about 300 pounds.

The bear was found to be a black bear, and was the largest of its kind ever trapped in the area.
