use your convenient DETROIT EDISON OFFICE

WHILE you are out shopping or visiting or on the way to an afternoon movie, use the most convenient Edison office to transact any Detroit Edison business you may have. It is designed to serve your needs quickly and comfortably - for bill inquiries, appliance purchases, service inquiries, bill payments, turn-on and turn-off orders, lamp renew-

There's more to it than just convenience. Using your Detroit Edison office when you are in the vicinity is a patriotic help. With tires, cars, etc. being rationed, The Detroit three cars company is adjusting its work to meet wartime conditions. There will be no hindering of our emergency service; it will be as prompt as ever. Under the tire rationing provision, we will still be able to get tires for our heavy trucks, and in emergenciesstorm, wires down, et -line trucks will be on the job as always. But the present tire rationing order will not allow us to purchase tires for delivery trucks or the ordinary light cars with which we do most of our business,
