

Sugar, Tires and the Like Figure Prominently in Today's Civil Problems

LANSING — A group of hardboard can't sweeten up Uncle Sam's sugar stocks. The hardboard industry's period arrivals in Michigan May 4 to 7, each family will be required to declare the amount of sugar stocks on hand. Families must declare the accurate amount will make a citizen liable, upon conviction, to a fine of \$10,000 to 10 years in prison.

How the hoarding penalty will work is one of the questions a lot in Michigan has tires good enough to last out the summer, family transportation must come generally from the United States, unless rubber chemists come to the rescue.

From Dearborn comes news that the Ford Motor company has "discovered" a way to make tires that requires only one-sixteenth of the rubber used normally in tire manufacture.

Michigan people who would like to see the world prosper. The first step is to get the hands of the few persons who have sugar, as much as 1,000 pounds of sugar, an amount which would be sufficient to feed a family of four, to meet the needs of a family of four persons for nearly 10 years! A family of four will be permitted to have sugar for two weeks. The maximum stock per home is six pounds.

When the wholesalers must register at a local public high school April 28-29, and sugar sales will cease April 27. No May 6 or 6-10. The maximum amount of sugar, is said by the government to be the determining factor for sugar time.

Sinking of freight ships by enemy submarines, plus a growing need to limit railroads to war supplies, are the responsible for a shortage of supply.

Rationing of automobile tires. Whether new tires or recapped used tires, has not pinched the average family in Michigan yet. However, according to the best advice available at Lansing, only a miracle discovery by some chemist will save Michigan's auto farmers, industrial workers—from severe transportation hardship by 1943 and 1944. New tires can now be obtained only by a quota restriction group of

persons, and this quota for each county is so small each month that few persons have the courage to file an application. You must be a physician, a police officer, fireman or someone whose business has recognized urgency to the public welfare.

The "B" tire recapping list includes industrial workers at war plants and farmers who depend on their passenger cars to transport farm supplies—seeds, etc.—and

out in the cold. When his present rubber tires are worn out, he must depend on getting a used tire—or else!
