

Clark E. Pardee Gets Commission

Clark E. Pardee, 1375 Dorchester, an overseas veteran of the last war, has received his commission as captain in the United States Army Air Forces, and will leave here on Wednesday, Sept. 2, for Miami, Fla., where he will take a six-week training course. Later he expects to be stationed at the air base in Sacramento, Calif.

Mr. Pardee served overseas 14 months during the last war, and although he did some work as a pilot at that time, he spent most of his time in England, working with the air casualty service. He is the past of Dearborn and for the past 14 years has been a manufacturer's agent in Detroit.

He has two sons, Jack, 22, and Charles, Jr., 20, and a daughter, Judy, 11, all at home. Mrs. Pardee and the children plan to remain in Birmingham at least for the time being.

August in Michigan Comes a leathery cloud of green, moving gently in the breeze. With fragile pink and lavender and white flowers here and there.

And underneath, marigolds, like a carpet of gold, and purple and yellow poppies and mums just beyond a rustling wall of leaves.

And larkspur, lilac, than the deepest blue. And a splash of red, almost burnish yellow, than can be borne.

Black and yellow foxglove, and buttercups, that play among the blades some all the day?

Oh, how lovely, these days, sky and sun. Fair Michigan, though never I have seen the same.

Michigan, dear to the heart, beloved and dear. Upon a winter or a summer day. Beatrice McDonald

But It's True

According to James K. Clinton, in his book, "The Shamrock," real shamrocks grow only in three counties, and all of them are not in the Irish Free State.

Although snakes are not as common in Michigan as they are in the rural districts of the United States, there are a great number of varieties.

Two of the bullets went directly through Mr. Norton's brain. They just didn't happen to touch vital points.

There are more types of snakes in Ireland than there are in England.

From the time she was six years old until she left India, she spent 10 months of each year away from home at an American boarding school at Kodaikanal. It was literally a mountain paradise.

Former Peggy Bailey Has College Position

A picture of Mrs. John Sparks, the former Peggy Bailey of Birmingham, a student at Antioch College, showing her at work learning to be a personnel director, appears in Sunday's issue of the Springfield, Ohio, News. Peggy is in her fifth year at Antioch, the school where students study for a term and work at their chosen profession for a term, thus getting practical as well as academic knowledge.

Peggy is in charge of placing and supervising Antioch College freshmen on campus jobs. She is responsible for the vocational orientation work program, set up for freshmen students, giving as a background to the cooperative program. Freshmen work on campus from eight to ten hours a week, and draw regular pay.

Mr. and Mrs. Sparks were married last spring at Antioch College. Mrs. Sparks is the daughter of Mrs. Thelma Bailey of Birmingham.

Herbert L. Seidelman, who received both his bachelor's and master's degrees from Cornell University, has been appointed to teach general science at Anderson, New York, and at Blair Academy, Blarstown, N. J. He has spent several summers teaching nature lore in the Philadelphia Boy Scout camps. During the past year he was employed as an assistant in science education at Cornell while he was working for his master's degree. Mr. Seidelman is married and has one child.

Mucilage Substitute Quite often when one is in a hurry to mail a letter, there will be but one stamp and it has no mucilage on its back. In this predicament, the Central Office will mail the mucilage flap on another envelope, turn the stamp over the stamped part, and place the letter to be mailed.
