HERE'S HENRY!

The Women's Exchange was famous for its delicious baked goods. Much of the reputation was due "Henry" who was baker there for over 19 years!

Now, "Henry" is Master Baker at Elizabeth Monaghan's... devoting his skill and experience to producing Detroit's original health breads... Staff-O-Lite (100% whole wheat) and Bire-O-B (which is a naturally enriched Vitamin packed white bread).

Folks in the Birmingham area will do well to try both of these famous health breads. Ask your grocer for Staff-O-Lite (100% whole wheat) and Bire-O-B (the white bread that is naturally enriched).

BANKING FIGHTS, TOO— on Four Fronts

America's banks, with their trained organizations and their valuable experience, are already in this war on four major fronts: The financing of war production and plant expansion, the sale of U. S. Defense Bonds and tax anticipation notes, cooperation with the government in control of consumer credit, and collaboration with the Treasury in the control and freezing of alien funds.

Not every bank can serve in every one of these ways. We are, however, pledge ourselves to help whenever and however we can.
