He had a big heart . . .

IN THE days of early Rome, when Christians were tossed to the lions for the entertainment of the multitude, there lived a kindly bishop by the name of Valentine. . . Valentine was greatly loved because of his big heart. He placed baskets of food on the doorsteps of the needy without sign or word from whom they came. St. Valentine was martyred in Rome on February 14, 270. He has been dead almost two thousand years, but the Valentine Spirit, symbolized by the sign of the heart, has come down through the ages.

When you remember your friends this Valentines Day, let only appropriate Valentines carry your message.
