# Part of a \$28,000,000 Program

demands due to Michigan's activities in the National Entergency have required increased telephone central office capacity, more equipment and more employees. Above are shown some of the new buildings and additions, started or completed during 1941; to help meet that demand. They are part of this company's \$25,000,000 plant expansion program of the past year. That entire program is helping us to face the hereasayly difficult problem of providing service when and where walted.
