Pedlars' Pointers

Popularity of the bicycle has created new safety problems. National Safety Council rules for pedal pushers urge bicyclists to obey all traffic signs and signals, ride at the extreme right of the street with traffic, and avoid zigzagging.

'Grasshopper' Planes Join Field Artillery To Direct Gunfire

Civilians who have been wondering why they can't get Piper Cubs and other small, low-power aircraft for private flying lessons will be interested to learn that these "grasshoppers" have replaced the observation balloons as the eyes of the Field Artillery.

Plots and mechanics for the "grasshopper" observation forces for the Artillery are being sought here from officers and enlisted men in the Army Ground Forces.

Development of the low-powered planes to direct the fire of concealed gun batteries and snuff out enemy positions is under way.
