War Affects Choices Of College Students ANN ARBOR.—War is definitely influencing student choices of fields of study, according to enrollment statistics just released by

the University of Michigan War portion of students in the College of Literature, Science and the Arts, the Graduate School and in law, architecture, forestry, music, education has decreased. If the average family of four saves its tin can for two weeks, it will have 18, or enough to supply tin for a portable flame thrower; for four weeks, enough to make the bushings of three .30 caliber machine guns.

CO-OPERATE With Your Digestive System in Hot Weather Eat the right foods always! But, in hot weather this rule must be doubly emphasized. It is hard to feel good in unusually hot weather and correct eating is one of the main factors in keeping up vitality.
