Corn Ideal Crop In Home Garden

The one and only good reason for not growing sweet corn in the home garden is because the garden is too small. Otherwise sweet corn is the most desirable of vegetables for the home garden.

The time-honored system of planting corn was in hills, three or four stalks to a hill, the hills about three feet apart each way.

Corn needs to be hilled up because of the auxiliary roots that start above the surface of the soil at the lower joints which nature

Broccoli Called Very Nutritious

Though cauliflower is one of the most popular of vegetables, it is not among the most nutritious because the edible portion is white, and white vegetables lack vitamins. It is also considered fairly difficult for the amateur to grow.

Broccoli, in the other hand, is an ideal home garden vegetable, tastes like cauliflower, and is green, and among the richest in vitamins. It can be grown easily from seed soon in the open ground, and yields a continuous harvest from midsummer until killing frosts arrive.

Sh—Now that we're engaged, dear, you'll give me a ring, won't you?—Yes, certainly, darling. What's your number?—I saw a woman who is raising a family of five kids on relief by a can of kidney beans the other day. The beans in the can would make a mere taste for the family while the same amount expended on dry beans would have made a couple of good meals. That's why, some people are an relief.—Rooks County, Kan., Record.
