

Sports Showup

By RAY DENNIS
At the Varsity Club is functioning as in days of old. This organization which includes activities of great importance to the school are planned. At one time the Varsity Club had more prestige than any other organization at Baldwin. A good leader is important to all organizations, and this club has one in spirited Jack Steelman. We hope the Varsity Club will last at Baldwin after this renaisance.

We wish to add a word of thanks to the Civilian Defense men, members of the police department, and the Varsity Club, for the fine job done in handling traffic and crowds at the game last week. Best we've seen!

After seeing five Birmingham football games, we have come to the conclusion that the Maples' greatest weakness has been the lack of a good place kicker. Two losses have been caused by fumble tries for extra points after touchdowns. Only one conversion has been made this season out of eight attempts. In the past Birmingham has had such good place kickers as Pat Kelley, Scooty Gowans and Ted Corson.

We wonder how many Baldwin students know the words to the school song? Judging by

the volume of voices in last week's game, we'd wager not less than a student can sing the words.

While the cheers of the crowd follow the backs, seven fighting men in the line are making way for these fellows. This year the work of Harry Watts has been outstanding at his position of center. Even in defeat Watts has been in there fighting all the way.

"During Friday night's encounter Day Fisher's play was savage and aggressive." Other linemen who deserve more than honorable mention are Fred Jeffers, Bud James, Harry Bissett, Bob Jessup, Bob Roth, Carl Blumman, Bill Golling, and Dick Dunn.

Bill Spiegel and Bob Carnahan provided the offensive spark for the Maples during the game. Spiegel gained 202 yards in 17 tries for an average gain of 11.2 yards every time he carried the ball. Carnahan looked like the fine fullback of last year for the first time this season.

Bill Golling is proving to be one of the best punters in the history of the school. Time and time again Bill has put the Maples' opponents in the hole by long spurling kicks.

He who means helps the Japs — TREASURE

How it'll summer lingers so this year. As if it can't bear to go away. So many of the flowers are lovely yet.

The grass stays green and each succeeding day. The sun glimmers and the sky is soft-lil blue.

If I was summer I would linger too. —Beatrice McDonald

SAVE electricity
... use these simple aids to BETTER HOME LIGHTING
Enjoy better lighting in your home and save money doing it! It's easy if you follow the three suggestions listed here:

FIRST—Get as much as 25 per cent more light by keeping your lamps and fixtures clean. Dust and dirt rob you of the light you pay for. Dust collects on bulbs and inside reflector bowls, cutting down their efficiency and wasting electricity ... exactly as if you were buying electricity for four lamps and only getting light from three. Wipe all lamp bulbs frequently — also reflector bowls and ceiling fixtures. Dust your lamp shades inside and out. Remember that dust collects insidiously, day by day — stealing light before you realize it.

SECOND — Dark colored lamp shades soak up light like a thirsty sponge absorbing water. A light colored shade is far more efficient because it reflects more light into the room where it can do some good. If you have a dark shade and want to increase its usefulness, try fitting it with a white lining. The difference in the amount of light reflected will surprise you!

THIRD—Use the right size bulbs in your lamps and fixtures. Too large a bulb can result in just as poor lighting as too small a bulb. Squeezing a big bulb into a small lamp causes glare and harsh shadows. Using a small bulb in a large lamp gives inadequate light. Choose the right size lamp bulb for the right socket.

THE DETROIT EDISON COMPANY

Lathrup Townsite News

by LILLIAN DIEDERICH

Mrs. Peter Viale, of Calumet, Mich., mother of Edmund Viale, of Lathrup boulevard is visiting her son and daughter-in-law, Baby Joanne Viale, age three months, is the center of attraction and the real object of the visit.

Pvt. Waide Porter, son of Mr. and Mrs. James Porter, of Dolores avenue, has been transferred from Seattle, Wash., to a camp in Sioux City, Iowa. Sgt. Clifford Porter, of Hawaii, is now instructing men in Air Force mechanics.

Pvt. Jack Diederich of Lathrup Center, is one of the convoy escorts in charge of troops en route, to various camps. Jack spent the weekend with his parents and family at his home in Sioux City, Iowa.

Mrs. Arthur Mitchell, Mrs. A. B. Sutherland and Mrs. William Waddell are with the Red Cross Motor Corps and on Tuesdays and Fridays they drive trucks and ambulances from Pontiac to the State Fair grounds.

Marvin Wendel, son of Mr. and Mrs. R. S. Wendel of San Diego boulevard, will leave for Columbus, Ohio, Wednesday, to take an examination as a radio technician. He will succeed in passing the test, he will establish himself in that city in order to go on with the work.

Daughter Visits
Mr. and Mrs. Fred Bingham, Lathrup boulevard, were hosts to several neighbors Saturday evening. Their daughter, Jean, is doing solo work with the Bernard Danvers in Chicago. Jean spent a few days with her parents last week.

Mr. and Mrs. Arthur G. Neubaer, of Saratoga boulevard were hosts over the weekend to Mrs. Neubaer's brother, and his daughter, E. J. Moran, and Mrs. Phil Shields of Kalamazoo, Mich. Mr. and Mrs. Arthur Neubaer of Saratoga boulevard, were hosts over the weekend to her brother and niece, E. J. Moran and daughter, Mrs. Phil Shields of Kalamazoo, Mich.

Civilian Defense News
A. G. Neubaer, executive officer of Southfield Township Civilian Defense, announces some in-

Have You Met . . .

Col. and Mrs. Chester B. McCormick, who are living at 1280 Cranbrook road? Col. McCormick is retired from the Army and upon his retirement, he and his wife set out to find a place for permanent home. It seems that they toured the East and West Coast as well as much of the country, in 1931, and just before coming here spent a few months in San Antonio. Both the McCormicks are natives of Michigan, however, and as Mrs. McCormick puts it—there comes a time when you look for maple trees, and familiar spots and faces. Since they were married in Bloomfield Hills, it seemed to be a natural place to which to return.

Mr. Neubaer stated that the fire engine contributed by Lathrup Townsite residents, is equipped with 1000 feet of rubber hose which will throw a cascade of water 500 feet in the air over half hour periods. The engine is now housed in a new heated garage directly behind the Annie Lathrup school which was built expressly to accommodate it.

Wardens have been appointed to make a house-to-house canvass to check on the equipment available in each home in case of emergency. Each home thoroughly equipped will receive cards to that effect.

A filter board through which emergency calls will be taken has been established at Southfield Township Hall on Berg road. A large map marking every crossroad is displayed there. Should emergency calls come in the men in charge will immediately signal auxiliary wardens, police and firemen, to help the stricken areas. "The township is excellently prepared, come what may," said Mr. Neubaer.

D. E. L. Richardson, chief of Civilian Defense medical service for Oakland County, has organized in each zone nurse units headed by graduate nurses. These graduate nurses will determine whether patients (in a disaster) can be helped locally or require hospitalization. Lathrup Townsite center wardens have first aid kits furnished by the ladies of Mrs. Richardson's sewing group, while a mother kit, stretcher and blankets are in the Annie Lathrup school.

"Victory Party" Saturday
Tickets will be available at the door for the "Victory" games party which will be held Saturday evening at Annie Lathrup school. Prizes will consist of bonds and stamps. Women's Club is sponsoring the affair and all are welcome.

Studies of the annual volume of trees, which are created by the growing process of trees in the commercial forests in this country show that tree growth and falls in 11-year cycles, in rhythm with the 11-year solar cycle of rays from the sun.

Shostakovich's 7th on Orchestra Program In Concert Nov. 3

The Cleveland Orchestra, in its appearance in Detroit on Tuesday evening, Nov. 3, will play the Shostakovich 7th symphony, written during the siege of Leningrad and sent to America by mchelin. Ten additional musicians will be used by the orchestra to give adequate rendition of this number. The world-famous violinist, Fritz Kreisler, will be the headliner on next Tuesday evening's concert at the Masonic auditorium, starting at 8:20 p. m.

The Cleveland Orchestra began the celebration of its 25th Anniversary in September, 1942. Entering upon his tenth year as its head, Artur Rodzinski has risen to a commanding position among conductors. With a well-drilled and responsive personnel of 82 virtuoso at his disposal, he is continuing the progressive universal program that has distinguished his decade in Cleveland.

The orchestra has toured since its first season. In 24 years it has played 149 concerts in 25 states, Canada and Cuba. —He who now helps the Japs.

CASS TOWN HALL

Anne O'Hare McCormick, author, journalist and foreign correspondent of the New York Times, speaks at the Detroit Town Hall in the Cass Theatre, next Friday morning, Oct. 30 at 12 o'clock. For the past 20 years, Mrs. McCormick's articles on European affairs in the New York Times have won her international recognition.

Following the lecture there will be a civic rally at the Book Cadillac in the grand ball room with luncheon.

MEN IN SERVICE

(Continued from page 2, part 2)
COMMISSIONED NEW YORK, N. Y.—James Sloan O'Rourke, Jr., of 691 Pilgrim road, Birmingham, Mich., was among the 53 cadets commissioned Wednesday as deck officers in the Naval Reserve after completion of their three-month V-7 training course at the New York USNR Midshipmen's School. The eighth class, of which Ensign O'Rourke was a member, was the largest V-7 class in the history of the Naval Reserve. The New York school now has 2,600 midshipmen preparing for officers' commissions, making it second only to Annapolis as a training center for Naval Officers.

After a short leave, Ensign O'Rourke will report to his new post, which was not revealed.

GUNNER'S MATE
Petty Officer Fred J. Wood, son of Mr. and Mrs. George W. Wood, 910 1/2 Elm street, is a gunner's mate, first class in the U. S. Coast Guard in which he enlisted in 1940. He is stationed at Elizabeth City, N. C. His rank corresponds to that of a technical sergeant in the Army. Two weeks ago, Mr. and Mrs. Wood visited their son.

GOING TO O.C.S.
Sgt. William L. Shafter, Jr., whose pay-invoice is \$24 Weekly (POLITICAL ADVERTISEMENT)

CAMOUFLAGE

David Brink, son of Mr. and Mrs. Carl L. Brant, 4607 Elm street, Birmingham, has enlisted in the 8888 Central Postal Directory Battalion, at Camp Lee, Va.

ENLISTMENTS
Dean Allen Kendall, 6415 Livermore, Teep, Air Force enlisted reserve. Robert William Wallace, 102 Pierce street, Navy. James H. Herbert, 872 Oxford, Army enlisted reserve. William Harris Jesty, 877 Oak, Navy V-7 category (deferred service).

THIS CAR FOR WARTIME SERVICE
If you Really Need a Car, you can — and should — get a New One NOW!
This car wants a wartime job! It's ready and eager to get out helping someone do his part in the war effort — you'll be doing your country a patriotic service if you'll put it to work at a really useful job, instead of letting it stand idly by. This is one of many brand-new, unused, 1942 models built before automobile production ceased — models that are safer, more dependable and, in many cases, more economical to run than older cars which have passed their prime. That is why present car-buying regulations take into consideration the age and condition of your present car as well as the use you make of a car.
If you are included in any of the seven major classifications of eligible buyers, chances are that you not only can but should replace your present car with a new one now. You will ride on tires with their whole life before them. In this car, you'll travel behind a Buick Firenole valve-in-head straight-eight engine that makes the most of every single drop of fuel and oil. Even the wheels in this Buick help maximum mileage from tires, because the whole car is built to serve you through the duration. The panel lists the seven major classifications of car-owners who are eligible to buy new cars now. If you are included — or think you might be — see your Buick dealer now about giving one of these eager beauties a wartime job to do. Buick factories have been all-out on war production for months — but Buick dealers can make immediate deliveries from large and complete stocks.
Your Buick dealer will be very glad to help you determine whether you come under the rules of eligibility. He will also be glad to help you fill out the proper applications. Don't guess about your eligibility — see your Buick dealer now and make sure.
