

East Detroit Next On Maple Schedule

By FRANK KANE

With high hopes of turning over a new leaf after last week's defeat by Grosse Pointe, Birmingham encounters a rugged East Detroit squad at East Detroit at 3:30 Friday afternoon, in the first "away game" of the year.

The stalwart Green and White of East Detroit will take the field with a long list of eleven returning veterans and the addition of a new head coach.

Coach Darcey, of East Detroit, indicated that his probably starting line-up would consist of Ed Earle, full-back; George Merritt and Emil Laethner at the halves; Chuck Forrest at quarter; with Leonard Miller, acting captain and Best football end, supplemented by Jack Hoffman in the wing positions. The line will include Rex Frick and Russ Hall as backs, Dick Rattick and Ted Gagner, guards, with the center as yet undecided.

The encounter marks the return of East Detroit to Birmingham's schedule after an absence of a year and should provide fans with

Sports Showup

By RAY DENNIS

Recently criticism has reached us about the handling of crowds at the local football games. Reduced rates have been given to students under high school age. These children do not watch the game from the stands but run around on the field observing the view of the spectators. It seems little has been done to check them. This state of affairs has been going on for years. Why can't these children be charged the same rates as high school students? Or why admit dozens of impudic as he ripped through for long gains.

The first game of the season for Baldwin High School proved disastrous to local hopes when Grosse Pointe, by a score of 7-0. It was a hard-fought game through-out. Bill Spiegel was particularly impressive as he ripped through for long gains.

Playing his first game for the Maples, Dick Dunn, a junior, started at end. Originally an understudy for Harold Watts at center, he proved so good that a first string berth was made for him at center. Dick constantly broke through to nail runners, once from behind, and he played a fine offensive game.

Birmingham's ancient rival, Royal Oak, racked up its first victory of the season with a 19-0 decision over Pontiac Saturday afternoon. The Acorns have a new and better coach, Juggy Jones, who succeeded John Frych, now in a war industry.

The first out-of-town football game of the season for Birmingham will be played at East Detroit tomorrow afternoon. The last time these two schools met in football was two years ago when the Maroons won 12-0 at Pierce Field. Plan to attend this game. The team needs your support.

The 1942 football schedule issued every year by Baldwin Publications will appear this week. It will be distributed to all students in Baldwin and Barnum and to members of the Rotary, Lions, and Exchange Clubs, and the Sideline Quarterbacks. This little schedule identifies players by number, carries the season's schedule, and helps you remember the words of the Birmingham Marching Song.

35 Students Enter New Cooperative Business Program

By JANE HARDIN

A different, interesting, and practical kind of schooling has enrolled about 35 students in Baldwin's new co-operative program this year. In order to be qualified for the course a person must be 16 years old, and must work not less than 20 hours a week in either the office practice or distributive education phase of the program.

Designed primarily to meet the needs of the annual 50 per cent of high school graduates who do not go to college, the new plan is under the direction of L. H. Brakley, co-ordinator and trainer, and Mrs. Adelaide Halladay, trainer. Both teachers are certified instructors under the George-Deen and Smith-Hughes laws and the State pays a large share of their salaries.

Students in the co-operative set-up go to regular classes in the mornings and have the afternoons free for work in local stores and offices in actual application of what they learn. That experience, Mr. Brakley said, "has shown that many student workers continue with full-time jobs in the same firms after they graduate."

Temporarily, to be enrolled in the program each student should have taken retail selling the previous semester or be in the class in distributive education at the time he is employed. The latter course educates the student in the complete life of an article from its production to consumption.

In addition a study of office practice is available to those people who after taking retail selling wish to enter office work rather than go into the selling field.

Old War Posters In Library Exhibit

Posters dating from World War I are on display at Baldwin Public Library. They were looked to the library by Mrs. D. W. Hunter, of the famous Christo drawings. The large posters are displayed on the walls of the adult reading room. Contrasting with them are posters of the present war.

Opening Tilt Won By Grosse Pointe By 7-6 Margin

By FRANK KANE

Hot, sultry weather and the spectacle of a fighting Birmingham football team that never once gave up hope marked the Maples' 7-6 defeat by a well-coordinated Grosse Pointe machine in the initial encounter last Friday night.

The Leaf's only score came in the fourth quarter, when with less than two minutes remaining and Grosse Pointe leading 7-0, Bill Spiegel, spearhead machine in the game, caught a pass from Harold Kelley and raced 30 yards for a touch-down.

Opening the game with a burst of power that brought them to the midfield stripe, Birmingham's warriors lost the ball on a fumble. Grosse Pointe recovered and re-ignited a series of sharp thrusts at the Maroon forward line. Gaining no ground, both teams were forced to punt. The punting duel for position, The unback kept the ball continually deep in Birmingham territory for the remainder of an uneventful quarter.

Grosse Pointe began its touch-down march early in the second quarter when Held, taking the ball on a wide sweep around the Maples' left end, advanced it from the 40-yard line to the 18-yard stripe. Reese then advanced it to the 10-yard line, and Byers, raring Pointe end, who ran a couple of yards with the ball before it slipped from his grasp and rolled to the five-foot line.

New School Head Addresses Pupils On War Emphasis

By CAROLYNE KANE

"Our schools MUST be adjusted to total war," declared Dr. Dwight B. Ireland, superintendent of Birmingham schools, in a recent speech before the Baldwin High School student body.

"Not only our schools but our entire lives must be changed to meet the demands of this technological war," said Dr. Ireland, who quoted statistics obtained last week at a conference of 500 suburban school superintendents at Lansing, Mich., that before the end of the war over one-half the population of the United States will be specifically assigned to war duty.

New Baldwin Girls Welcomed at Picnic

A friendly and entertaining welcome was extended to girls new to Baldwin at an informal picnic supper given at the Community House Tuesday evening, Sept. 22, honoring 134 girls who entered the high school this semester.

Each girl's name had previously been drawn by a junior or senior hostess, who acted as "big sister" to the newcomer and helped her to become acquainted in Baldwin.

What Your City Commission Is Doing

Sept. 21, 1942
Bills approved totalling \$3,417.21, including a two-week payroll in the amount of \$8,506.74.

P. S.—He Got the Job
A bright young lad was applying for a job as junior clerk to a city firm. He had to sit for an examination before the final choice was made, and one of the first questions he came across was, "What is the distance of the earth from the sun?"

He wrote his answer carefully. "I am unable to state accurately the required distance, but I do not believe that the sun is near enough to interfere with a proper performance of my duties if I secure this position as clerk."

Baldwin's Clubs Now Under Way

Tuesday's activity period saw the reorganization of Baldwin's clubs for another semester as students flocked to the organization of their choice.

If you need a Car you need a Buick
...and if you really need a new car for essential work—you can get one!
A "MOTOR-BUYING" regulations boil down to this:
If you really need a car—you can get one.
Necessity governs—and when necessary work can be done better by replacing an older car with a new one, both rationing rules and public policy encourage the buying of safer, more efficient, more dependable new models.
Get a car you can count on—get a car that will last—get a car that's tough and rugged and efficient enough to take long, tough punishment and come back for more.
This 1942 Buick is a car built from the ground up with the idea that it would have to serve, faithfully and well, over a far longer-than-usual service life.
Its Buick FIREBALL valve-in-head straight-eight power plant is a basically more efficient engine, designed to get the last bit of usable power and mileage from gasoline.
So if you need a car you need a Buick. Talk your situation over with your Buick dealer, and look at the models he can deliver at once from his large and complete stocks—even though the Buick factories have for many months been on all-out war production.
IF YOU ARE INCLUDED IN THIS LIST, YOU'RE ELIGIBLE TO BUY
There are seven major classifications for persons eligible to buy new cars under basic rationing rules.
These include: (1) persons engaged in the production of war materials or the production of the war, directly or indirectly; (2) physicians, nurses, clergymen, veterinarians; (3) car-owners engaged in public service, such as fire departments, public health, highway maintenance, etc.; (4) owners of taxicabs and other means of transportation; (5) farmers; (6) newspaper wholesalers; and (7) traveling salesmen in certain fields.
Your Buick dealer will be very glad to help you determine whether you come under the rules of eligibility. He will also be glad to help you fill out the proper applications.
