School Hours Changed to Fit Daylight

New time schedules for the Birmingham schools were authorized by the Board of Education Tuesday night.

The action was taken for two reasons: (1) to eliminate as far as possible the children going to school in the dark in the winter; and (2) to get the use of buses made the morning shift runs over.

Under the new plan, elementary and junior high classes will start at 9:30 a. m., Eastern War Time, which, when compared with the present time, is the same as a year ago.

The Birmingham Recreation Commission, at its meeting last night, approved the results of the summer recreation program, completed two weeks ago.

The financial report of Treasurer Edridge G. Newhall shows that for the year 1941, the 1942 summer program was \$24,854.50 as against \$26,027.26 for the year 1941.

The City of Birmingham has announced the opening of a 2645 of the Veterans' program. Charles D. McCall, chief of the committee, announced the opening of the program because of the need for 200 from local organizations.

Bunting Won't Last Very Long

For the second time, Gunner Arthur R. Holmes, Jr., of Quanton road, Birmingham, has had his ship torpedoed from under him.

In a telephone call from New Orleans, young Holmes, who was 18 years old Wednesday, informed his father that the lost took place Aug. 3 while he was aboard a merchant-manned transport.

Through a favorable rate obtained from Suburban Greyhound line, children will be carried twice daily from Sept. 14 through Jan. 29, 1943, for \$4.55.

After a study last week by the city Board of Public Works, which works with the State Highway Department in controlling lights on the city streets, it was decided that interval for Maple traffic was too short and the time length was increased to a minimum of 15 seconds.

Coach George Wurster held the first practice of the season with the squad on Tuesday morning and will continue two practices a week, a day, at 9 a. m. and at 1 p. m. from now until classes begin on Sept. 14.

The squad appointed in an exceptional manner by Coach Wurster was especially pleased with the apparent good condition of the veterans, most of whom have been working this summer and have added pounds and inches to their program.

Local Youth Survives 2nd Sub Attack

Citizen Group Gives Ratings Of Candidates

The Oakland County Citizens League Wednesday released its report on candidates in the Primary Election Tuesday, Sept. 15, listing them as "preferred," "qualified" or "not recommended."

Neither the incumbent sheriff nor prosecutor were listed as preferred by the Citizens League. C. Horwath was judged qualified. Congressional candidate rating results were: incumbent, George A. Dondro getting a preferred rating for the GOP nomination, while Mr. Robert F. Dondro, incumbent, Charles P. Nugent were both listed as preferred for the Democratic nomination.

The objective of the committee on candidates has been to investigate and report on the qualifications of the candidates for the various offices in the county.

An excellent response resulted from the announcement in last week's issue of the "Dine-a-Soldier" club.

Those who have not yet volunteered may do so by dipping the names of their names in the "Dine-a-Soldier" club.

Major John Chick, of Birmingham, escaped with a fractured ankle, cuts and bruises when his plane crashed Friday night at Atlanta, Ga. Engine trouble caused the mishap, the plane crashing through the roof of the building, barely missing a house.

Mrs. Roosevelt and George A. Dondro Give Views in Bid for Congress

(Editor's note—The Executive has invited the candidates for Congress in this district to issue statements of their views and we have asked several questions. Of the group, the two best known are the incumbent, George A. Dondro, of Royal Oak, and Mrs. Dorothy B. Roosevelt, a local resident. Her statements are printed herewith.)

1. How can we best secure more cooperation on the war from business, labor, the farmers?

2. Do you favor rationing of gasoline in Michigan. The supply of this commodity is ample. The rationing is completely unnecessary.

3. Do you favor the rationing of gasoline in Michigan. The supply of this commodity is ample. The rationing is completely unnecessary.

County Gives West Maple Widening OK

Widening of West Maple avenue to 20 feet and the laying of a new black top surface will proceed as soon as an 80k is received from the War Production Board, City Manager D. C. Ebert announced Wednesday.

After the City Commission authorized a cooperative project with the Oakland County Road Commission, Ebert conferred with that body's engineer manager, who will bring that final agreement to the board.
