### Dickinson's

in the Wabeek Buildings

"Thanks, Mom...

THANKS for all the things you do every day that will help bring me and the rest of the boys home sooner... When I see men out here giving their all for Victory, it seasy for me to understand why it's so important for the folks back home to sacrifice and do without. But you, Mom, are doing a syell job even though you're far away from this mess... and that makes, me specially proud. Thanks for saving fats and greases... I hear them go off with an almighty bang every day. Thanks for saving food... I'm eating some of it now. Thanks for saving Gas at home... God knows we need the tanks and guns and planes that are produced with Gas. Honest, Mom! I think they should give medals to women like you who are fighting the good fight for freedom back on the home front!"

GAS is vital to war use it wisely
