Cyril Arthur Player Addresses Exchange

Cyril Arthur Player, editorial writer and former foreign correspondent for the Detroit News, spoke at the Exchange Club meeting Tuesday, relating some of his experiences and impressions of Europe.

In his travels and interviews with leading statesmen, he observed that people were thinking exclusively of themselves, and of getting things they lacked or trying to undo injustices with which they felt burdened. All the countries of Europe were looking enviously or defensively at their neighbors, he said.

Mr. Player is now on leave of absence, and is staying at the Booth Estate, preparing a biography of Henry E. Scripps and the family. Mr. Scripps founded the Detroit News in 1873.

Child care is generally recognized as an essential war activity and by none more keenly than the Girl Scouts. In 1942 the number of Girl Scouts who completed training entitling them to child care badges was up 100 per cent over 1941. Health and safety, which includes child care, proved to be the year's most popular field of interest. Nearly 125,000 Girl Scouts earned health and safety badges.
