### Cranbrook News

By ROBERT WILSON

The first of the Saturday evening intramural basketball playoffs took place last weekend when the two top teams in each of the two leagues clashed before a full gallery in the Cranbrook gymnasium. In the preliminary, evenly matched quintets representing Stevens and Marquis bails played neck-and-neck for an entire game, and Stevens won 23-22 only on a basket in the last second. In the feature event of the evening a smooth-working Marquis "A" league team defeated the Towers, a day boy group, 27-18. Leading the Marquis attack were Herbeck and Tyree, with 19 points between them. A sweater dance was held following the games.

Five seniors were named to Cum Laude Society last Friday morning in an impressive ceremony in the chapel. Faculty members of the Cranbrook Chapter presented membership in the national scholastic society to the following boys, leading their class in the order named: Edwin Pounder, Merrill Hunter, Hugh Neal, John Kice and Tom Tyree. At the same time John Dieterle and Pete Wilson were named as lower school seniors for the term embracing the remainder of the school year.

Vernon B. Keillett, veteran Cranbrook German teacher and director of the athletic program, last week completed the requirements for his Ph.D. degree at the University of Michigan. Dr. Keillett's dissertation, in the field of German Language and Literature, was on Hermann Conrad; one of the leaders in the literary revolution bringing naturalism to that country in the latter part of the 19th century. The attainment of this degree was for Dr. Keillett the result of several years of preparation and study.

### Happenings of Long Ago

50 YEARS AGO

Feb. 2, 1893  
Right now is organizing a big kick in favor of free mail delivery in the country. With a bicycle, letters can be delivered to houses within a radius of five miles from a post-office almost as easily as they can be delivered in the suburbs of our cities. . . . All Birmingham is elevated with pride. They actually took the fire alarm, the engineer, the waterworks, the fire company and a fire all going at the same time last Friday, which happy and unusual condition of things resulted in extinguishing the fire without damage.

"The name Woodward avenue is a localism having its meaning only in Detroit, and would have no significance in Birmingham. Saginaw street has a significance and a historical one too. Also by its name much of the property lying along it is so bound in its legal description thereof. Change the name of Saginaw street to any other, if possible, and confusion is caused once by locating the property on this street to one unknown to land descriptions in the office of the Register and Clerk."

"Long hair has come to stay in football. Various styles of headgear have had their day, but the advantages of the natural covering for the head has been so generally recognized that it is likely to remain the only protection for the head of a football player."

25 YEARS AGO

Feb. 8, 1918  
"This week all of the schools in Birmingham are closed indefinitely for the lack of fuel."  
"Hospital patients are now allowed but one teaspoonful of sugar daily, because of the scarcity. Employees get none."  
"A large fleet of fabricated submarine factories will be built by the Ford Motor Co. for the government. Contracts for the work have been awarded and deliveries will begin to be made early this summer. All parts of the ships except the engines are to be built in Detroit and the parts shipped to seaboard, where they will be assembled. Each ship will be 200 feet long and will be equipped with the latest discoveries for combating submarines. Plans were made by naval constructors. The exact number of ships to be built was not made public."

5 YEARS AGO

Feb. 3, 1938  
"Percy Grainger, noted Australian pianist and composer, is coming to Birmingham as guest artist of the Birmingham Musicale at the annual winter concert."  
"Crime and violent death reached a low level in Birmingham during 1937, according to the annual police report prepared by Miss Carrie Stoddard, police clerk, and submitted by Chief John P. Hackett to City Manager Donald C. Egbert. Of the last 1,908 arrests made during the year, the report shows, 1,902 are accounted for by parking violations, as part of the police campaign to enforce parking regulations."  
"We Heard It Said By—Dr. George P. Raynolds. . . . The world is going through some trying times, and even our own nation is having its difficulties. It will be too bad for everybody, if we lose our democracy, and have to endure anything like a dictatorship, such as we see in some places in Europe."

ARRESTED

Jay Wright Wood, 47 years old, of 1487 Emmons, was arrested Monday morning and charged with being drunk. He was placed on a year's probation by Justice Forbes S. Hascall and was assessed \$10 costs.

GIGANTIC VOLUME

Estimates of Uncle Sam's production of combat equipment in 1942 assure Mr. and Mrs. Michigan that any trouble and inconvenience caused by cutting of civilian goods and services will be rewarded. By the end of 1942 the United States, alone, will produce almost as great a volume of fighting weapons as all the rest of the world combined. The United Nations already are producing twice as much as the Axis.

### Kinnison, Robertson Will Head Local Red Cross Drive

Oakland County has been assigned a quota of \$178,000 to be raised in the annual War Fund drive of the American Red Cross. The county campaign, which is headed by R. W. Essig, of Birmingham, has been scheduled for March, according to chapter headquarters. This year's quota more than doubled that of a year ago, and is in direct proportion to the increased needs and responsibilities of the Red Cross during wartime. Essig today revealed names of

the chairmen who are assisting the War Fund drive in the various townships. They include, Birmingham, Charles S. Kinnison and I. W. Robertson; Southfield, Mrs. Jesse M. McNeal, Mrs. Lynn Everett and Mrs. E. P. Turner; Troy, W. H. Boyce.

### Fails to Stop; Warrant Issued

A warrant has been issued for the arrest of Joseph Philip Tavolacci, of 16533 Log Cabin, Detroit, who, it is charged, went through a stop street, Jan. 17 at Farby and Frank. Elwin J. Harris, 1228 Villa, signed the complaint; his car was damaged when hit by the other machine.

### Two Cars Crash At Southfield-Maple

Two cars crashed Friday night at Southfield and West Maple. According to the police report, Hartwell Ladd, 652 Henrietta, was going north on Southfield and had stopped at the intersection. William W. Lowe, of Webster Hall, Detroit, was going east on West Maple, and turned right onto Southfield, colliding with Ladd's machine. According to the report, Lowe had "been drinking."

Just the Reason Mrs. Goofus (to maid)—What are you leaving for? Haven't we always treated you just like one of the family? Ethelberts—Yes, and I'm tired of it.

### THE DETROIT EDISON COMPANY

When beef and other meats are rationed, the housewife who knows how to "stretch a cow" can serve meals that are far more appetizing and nutritious. Your weekly quota of beef, pork, veal or lamb can be stretched considerably by the skillful use of "meat extenders":

1. Serve stews—with vegetables, noodles, dumplings, etc.
2. Serve meat pies—with vegetables, and with biscuit or mashed potato topping.
3. Serve patties or meat loaf—meat mixed with bread or cracker crumbs and milk and egg.
4. Serve casserole dishes—escaloped meat with vegetables, noodles or spaghetti.
5. Serve filling soups with a meat stock base, such as ham shank with navy beans, etc., or creamed vegetable soups with sliced frankfurters or dried beef added.
6. Serve macaroni or spaghetti with meat balls and tomato sauce.
7. Serve croquettes, using left-over meats.
8. Stretch meat dishes with rice (lamb curry, Spanish rice, etc.), or with dressing, such as stuffed and baked lamb ribs, hearts, rolled breast.
9. Stretch your meat with sauces and gravies such as Swiss steak with mushroom gravy, flank steak with barbecue sauce.
10. Serve hash (with potatoes and onions), or baked beans with frankfurters, sausage, bacon or salt pork.

And remember—(for homes with electric ranges)—that electric cooking makes even the cheaper cuts of meat more tasty and tender!
