Men in Service

Editor's Note—Men in the armed forces, and parents, are invited to send us news of the boys' whereabouts and activities. Friends, men scattered about the country, are invited to write their friends. Even the address of a newly-placed boy's man is of interest.

Walter K. Parmenter In Preparatory School

DELAWARE, O.—Included in the first class of aviation cadets to enter the U. S. Naval Flight Preparatory school at Ohio Wesleyan university here is Walter K. Parmenter, 21, son of Mr. and Mrs. Walter Parmenter, 159 W. Maple Riverdale, Mich. He will undergo 12-week training period at the school, which is a new unit in the training program of the aviation cadet. After completion of his training at Delaware he will be transferred to one of the five pre-flight schools, from which he will receive his primary flight training. The emphasis in the new school will be placed on thorough basic understanding of the following subjects: physics, mathematics, navigation, navigation, aerodynamics, aerology and recognition, as well as the study of military history. Serving also as an indoctrination to naval routine, the school will be under strict military discipline with naval officers in charge and officers utilized as such as possible.

John Kirk Martin A First Lieutenant

John Kirk Martin, son of Mr. and Mrs. John K. Martin, 1044 Oakwood avenue, was promoted this week to the rank of first lieutenant. Mr. Martin, who is now in the U. S. Navy, received his wings and his commission as a second lieutenant upon completing the various courses and in August, 1942. In recent weeks he has been attending the Special Army Air Force flying activities and has been at different posts in several central and southern states.

HOW TO CONSERVE GAS and help build a Bomber

1 Adjust burner so cooking flame is blue. Cook vegetables in small amounts of water than low temperatures.

2 Keep no more water than you need.

3 Hugs' lady launders to use water and gas.

4 Keep room temperature at 65-70.

5 Avoid heating your kitchen with gas range over top burners, especially on cold days. That's when demands for gas will be heaviest.

Consumers Power Co.
