# Lathrup Townsite News

by LILLIAN DIEDERICH

Mrs. Frank A. Tukey, of White Plains, N. Y., mother of Mrs. Emil A. Frederick, of Santa Barbara drive, is expected Thursday, for a visit after which she will take her two grandchildren; Barbara and Betty Frederick, home for a month's vacation.

* * *

Mrs. Lee R. Baker, newly elected president of Women's Club, has called a board meeting to be held at her home on Bloomfield drive, Friday, July 2, at one o'clock, to discuss plans for the coming year's activities.

* * *

**Ammunition Expert**

Ensign Carl H. Schmidt, nephew of Howard J. Stock, of San Diego boulevard, recently spent a 15-day furlough with his parents, Mr. and Mrs. Carl H. Schmidt, of Birchcrest drive. Sunday a dinner was given in his honor. Ensign Schmidt flew to Seattle Tuesday and from there will be shipped to a Pacific theatre of war. He is an ammunition expert, having recently completed a course in Washington.

* * *

Mr. and Mrs. Paul S. Bigby, of San Diego boulevard, returned last week from a vacation spent in Denver, Colo., where Mr. Bigby's mother resides.

* * *

Miss Arletta Crawford, of Elyria, Ohio, is visiting Mr. and Mrs. R. E. Ellas, of Saratoga boulevard this week.

* * *

Mr. and Mrs. S. Odie Lane, and family, of California, will spend next week in North Muskegon, visiting relatives.

* * *

Mr. and Mrs. Howard Stock and family will spend next weekend at Torch Lake, Mich.

* * *

Mr. and Mrs. T. G. Sluyter, and son, Gerry, of San Diego drive, returned last week from a fishing trip spent at Van Ettan Lake, Mich.

* * *

**Lt. Reed Home**

Lt. Thomas F. Reed, son of Mr. and Mrs. Thomas Reed, of Sunset boulevard, flew home from Camp Hood, Texas, last weekend. His sister, Ruth Reed, was visiting her grandmother in Chicago over the weekend but returned home in time to see her brother.

* * *

Fun for all! Don't forget the get-together party for adults to be held Saturday, July 3, at 9 p. m. in the school auditorium. This is a neighborhood affair for all residents. Bring a box lunch and a bit of coffee and sugar. The committee in charge has been on its toes to make this a real celebration.

# Laura Schroeder Back on Job Here For Bell Company

John E. Courtney, who has been the commercial representative of the Birmingham branch office of the Michigan Bell Telephone Company for the past year, has been transferred to the company's Port Huron office, where he will serve in the same capacity. Port Huron is Mr. Courtney's former home.

The commercial representative's job here is being filled by Alexander McCreadie who was transferred here from a similar post in Mt. Clemens. Both men began in their new positions Monday, June 30.

Another personnel change which affected the local office was one which brought Miss Laura Schroeder, previously chief operator here until eight months ago, back to fill her old job. For the eight months just past she has been handling the chief operator's duties in the Mt. Clemens office while that city was experiencing the change over to dial system equipment.

# Don't Fret About New July 1 Tax

The new pay-as-you-go tax plan, which goes into effect on July 1, has more balm than bite in the opinion of Frank N. Isbey, Michigan chairman of the U. S. Treasury War Finance Committee. "Actually the plan is rather painless," Mr. Isbey said, "and should result in more purchases of War Savings Bonds.

"For instance, examination of the withholding brackets shows that a man and wife and two children who earns $40 a week will pay only 80 cents a week. This is actually 50 cents a week less than he is now paying out of his wages for the five per cent Victory Tax —and his entire federal income tax is all paid up.

"If the same family earns $50 a week, the withholding tax will be $2.80 a week. There is no mathematical nightmare about this. When the taxpayer realizes that the withholding tax includes the Victory tax he is now paying, he should breathe with considerable relief. In many cases the pay-as-you-go deduction from his pay check will be less than it is now for the Victory tax.

"The man of the house with two children must earn $45 before his income tax is greater than the amount he has been paying for Victory tax alone," Mr. Isbey pointed out. He added that taxpayers should not forget the 75 percent forgiveness of one year's income tax. Thus everybody starts out on July 1 even with Uncle Sam.

Classifieds cost little; do much.

# GARDEN FOR VICTORY

By PAUL R. KRONE

Chief, Victory Garden Section
Michigan Office of Civilian Defense

That old adage about an ounce of prevention being worth a pound of cure certainly applies to the control of vegetable diseases in your Victory Garden. Early diagnosis is one of the most important things, for if you can spot a disease when it first appears, usually you can burn the plant that is affected and keep the infestation from spreading to other parts of the garden. Here are some suggestions for avoiding trouble:

1. If possible, select varieties that are resistant to disease, such as wilt resistant varieties, mosaic resistant varieties, etc.

2. If possible, use treated seeds. Some diseases like Anthracnose on beans, damping off, and several others are seed borne. Some companies treat the seed before it is sold. If your seed is not treated before you buy it, treat it with some fungicide such as semesan or mercuric oxide. Instructions for using these materials are given on the package.

3. Do not plant too closely in your garden. Your plants will need free circulation of air so that the leaves will dry off rapidly following rains and after the heavy dews of early morning.

4. Control the insects. Many of the plant diseases, such as mosaic, are transmitted by insects. Aphids, beetles and leaf hoppers are all responsible for transmitting some plant diseases.

5. Stay out of the garden when plants are wet. Many leaf diseases are spread from one plant to another on your clothing or shoes as you push against the plants when they are wet. The spores of the disease are spread through other plants, and if there is moisture present they will germinate and innoculate healthy plants.

6. Many leaf diseases can be controlled by spraying with a fungicide, of which copper is the most important. It may be used either in liquid or dust form.

Most common of the copper sprays is Bordeaux mixture, which may be purchased already mixed, or it can be made by combining copper sulphate, lime, and water. One of the most common combinations consists of four parts of copper sulphate, six if lime, and fifty gallons of water. To make this in small quantities dissolve two ounces of copper sulphate in one gallon of water, then mix three ounces of hydrated lime in one gallon of water. Pour the copper sulphate solution and the lime mixture together and add enough water to make three gallons. If you prefer to dust, you can buy Bordeaux dust or copper sulphate and lime and mix the two yourself. The proportion is 20 to 25 pounds of monohydrated copper sulphate to 75 pounds of high grade lime. These dusting materials or sprays should be applied at 5 to 10 day intervals, depending upon the amount of rainfall that may wash them from the leaves.

**DON'T TRAVEL UNNECESSARILY**

To relieve crowded trains and buses, the public is asked not to make unnecessary trips. ODT has defined trips for the following purposes as non-essential: (1) To other cities to visit friends; (2) Home for the week-end; (3) Sightseeing; (4) To the theatre, races, or other places of amusement; (5) Any social travel or travel for pleasure; (6) Travel merely for the sake of going somewhere.

"Here You Are Not a Stranger"

# RECREATION SPOTLIGHT

By DON McLEESE

DID YOU KNOW—

That Oakland avenue is blocked off every day to protect the children at the Adams playground?

That there is a tennis court at Adams School for the use of Birmingham residents?

That lifesaving is taught every Monday evening at Barnum pool from 7:30 to 8:30?

That Torry playground has a drinking fountain?

That Ed Smith is captain of the Torry safety patrol and Karl Tyran and Bruce Lebow are lieutenants?

That the following people have been appointed to serve as special assistants in the safety program on Wednesdays at Barnum: Tom Maxwell, Richard Murray, Kenneth Ward, Joe Ross, Beverly Kitching, Alice Ann Dove, Patty Hall, and Jane Wyles?

Others are Howard Murray, Dick Blaisus, Gordon Shira, and Charles Allison.

**Profit and Loss**

First Tramp—I'm hungry. How can we get a bit to eat.

Second Tramp—I'll tell you. I'll just give you a black eye.

First Tramp — A black eye! What for?

Second Tramp—Sure, then you run and ask that old lady in that house over yonder for a piece of raw meat to put on it.
